HOW PLAN FOR DEBTS RELIEF AIDS GERMANY

FATHERLAND CALLS HOOVER OFFER A MIRACLE

Editors Note: What will Germany do with the moratorium? A series of articles outlining the hopes of German leaders and presenting the industrial effects which the moratorium is expected to have is herewith presented.

Berlin (AP)—Now that Germany has been granted a moratorium, what is she going to do with it? Or, as many a grateful German would put it, "how are we going to make the most of the Hoover miracle?" For miracle it certainly seemed to millions in the fatherland who had given up all hope of a debt-holiday proposal from the United States.

Quickly Chancellor Bruening warned his fellow-citizens that the best way to make the most of the moratorium was, first of all, to keep it out of the pork-barrel.

Economy Iron Rule.

The outstanding financial and industrial leaders of the nation emphatically agreed with him, pointing out that if Bruening relaxed his "iron chancellor" attitude and allowed tax-reductions and venturesome appropriations on the basis of the billion and a half marks reparations savings the billion and a half would melt away like a snowball in a blast-furnace.

Bankers warned that the run on foreign currencies which brought affairs to such a critical stage in June meant a shrinkage of more than that billion and a half in Germany's available capital during a period of little more than a month, and that Germany's success in coaxing that capital back to the fatherland depends to a great extent on maintaining confidence abroad in Germany's business like, thrifty management of the Hoover reparations relief.

As one means of establishing that confidence, one thousand of the nation's biggest industrial, shipping and banking houses agreed to underwrite a $125,000,000 long-term credit to be negotiated abroad by the gold discount bank.

It imposes upon the guarantors liability in proportion to their assets for a sum not exceeding $125,000,000, but this does not mean that $125,000,000 is all the money that Germany needs. That is the sum regarded as necessary to halt withdrawal of foreign exchange in gold.

The liability is so arranged that no one firm is called upon to guarantee more than a small percentage of the total. The Deutsche bank, for instance, underwrites only 2 per cent. Because of this arrangement it was possible to arrange the guarantee by 1,000 firms within a few hours.

Money Returning.

If the country listens to Bruening—and it has had to listen to him closely of late—one of the first effects of the moratorium will be the large-scale influx of capital which either was withdrawn by nervous foreign lenders and investors or shipped abroad by scared German investors during the darkest days just before

Experts to Meet in London July 17

Marriage of Rudy Vallee is Announced

New York, July 8 (AP)—The marriage of Rudy Valee, crooner of love ballads, and Miss Fay Webb of Santa Monica, Calif., on Monday was announced tonight at the National Broadcasting company's offices.

Rudy Vallee

Vallee and Miss Webb, who is a musical comedy actress, were married secretly at West Orange, New Jersey, by Judge Herbert Lighthipe.

The bride is the daughter of Mr. and Mrs. Clarence Webb, and her father is chief of police of Santa Monica, the statement said.

The couple met on the west coast while Vallee was filming his "Vagabond Lover" picture.

New Apartment

Mrs. Herbert Schmidt, of Hoboken, acted as bridesmaid. Mrs. Schmidt is a sister of Kenneth Dolan, Vallee's personal representative. Edwin Scheuine stood up with Rudy and the only other guests were William Vallee, the singer's younger brother; Dolan and Judge Hyman Bushel, of New York.

Vallee recently began an engagement in the roof garden of a mid-town hotel and has been on the air at all scheduled performances since the wedding.

Few of his friends tonight had been informed of the event. Those who knew of it were mostly callers at his elaborate new apartment in Central Park West, where the couple will make their

COAL MEETING BEGINS TODAY

Discussion of Ills of Bituminous Industry Hoover-Sponsored

Washington, July 8 (AP)—A discussion of far reaching possibilities on the ills of the bituminous coal industry will begin here tomorrow under the sponsorship of the government.

At the suggestion of President Hoover operators representing all the major fields will assemble to see if a common ground can be found for a later meeting of the operators, laborers and other interested elements.

An appeal for the extension of relief to children of strikers in western Pennsylvania was rejected today by Chairman Payne of the Red Cross, who said this lay outside the scope of his organization's activities.

Appealed to Hoover

Answering a letter from Governor Pinchot of Pennsylvania, who made the request, Payne said the charter of the Red Cross limited its work to disasters "classed as acts of God." The relief in question, he said, should be extended by other bodies.

Tomorrow's conference grew indirectly from an appeal to President Hoover that a general meeting be called to discuss means of rehabilitating the bituminous coal industry, which has been badly hit by overproduction and labor troubles.

The appeal to the president came from John L. Lewis, president of the United Mine Workers of America. President Hoover turned the proposal over to Secretaries Lamont and Doak. Lamont called the conference a few days ago. About a dozen operators accepted invitations.

Parade Will End Elks' Convention

Seattle, Wash., July 8 (AP)—A parade of the Elks tomorrow will end the four-day national convention of the order in which it is estimated 75,000 persons have participated.

Principal events today were installation of new officers, including John R. Coen, Colorado Republican party chieftain, who succeeded Lawrence H. Rupp, of Allentown, Pa., as grand exalted ruler.

Aged Woman Dies in Stove Explosion

Bronson, Mich., July 8 (AP)—Mrs. Nellie Price, 80, was burned to death tonight when a kerosene stove exploded and set fire to the house where she lived alone.

Firemen, summoned by neighbors, found her body in a pantry after they had extinguished the fire.

SPEED NEEDED TO BENEFIT BY HOOVER OFFER

YOUNG PLAN, RELIEF OFFER WILL BE MERGED

BY P. H. MYRING

London, July 8 (AP)—Representatives of the chief countries signatory to the Young plan will, failing some unexpected hitch, meet in London July 17 to discuss those points connected with the plan and with the Hoover moratorium which were left unsettled by the Franco-American agreement in Paris.

Although the United States is not a signer of the Young plan, she will be represented by an "observer."

Preliminary negotiations will be conducted by financial experts only, but it was regarded as highly probable tonight that these technical discussions would be followed by a meeting of statesmen of major calibre.

Best informed commentators agree today that the British government has become more and more impressed with the vital necessity for speed if full advantage is to be taken of the Hoover proposal and if the markets of London, Paris and Berlin are to maintain their buoyancy.

Two Main Topics

Sir Frederick Leith-Ross, a high treasury official who was the principal British financial adviser at the Hague conferences in 1929 and 1930, was widely mentioned tonight as the most probable choice as head of the British delegation at the experts conference.

The general belief is that the two main topics of discussion—and perhaps virtually the only topics—must be the guarantee fund and the question of deliveries in kind.

It was expected the problem of deliveries in kind would prove a more difficult nut to crack than the issue of the guarantee fund.

It is a problem that has its

HOOVER STREET.

Berlin, July 8. (AP)—The Democratic Boersen Courier today started a movement to name some important Berlin street "Hooverstrasse" in recognition of the American president's initiative in securing reparations moratorium.

There was a possibility that the street might be named before Secretary of State Stimson's visit to Berlin if the paper's crusade is successful.

12 Fliers in Tour Stop at Huntington

Huntington, W. Va., July 8 (AP)—Twelve fliers in the national reliability air tour dropped down on the Huntington air field today from Columbus, Ohio, to remain in Huntington until tomorrow morning when they plan to hop off for Middleboro, Ky.

Harry L. Russell, No. 5, with 15,347 points, led the fliers upon their arrival. James H. Smart, No. 4, with 14,041.4 points, was second, and Eddie Schneider, No. 17, with 13,156.8, was third.

Charles Sugg of Detroit, a tour flier who was hurt in a crack-up near Yorkville, Ohio, today, was reported in an "extremely critical condition" in a Martins Ferry, Ohio, hospital tonight.

The condition of Z. D. Granville, of Springfield, Mass., forced out of the event by an attack of appendicitis, was said to be "serious" at a Wheeling hospital.

Prince Michael to Stay With Father

Bucharest, Rumania, July 8 (AP)—Crown Prince Michael of Rumania, will spend the summer at Sinaia with his father, King Carol, it was announced today. King Carol will take the boy prince there for the wedding of Princess Ileana on July 26.

Former Queen Marie had previously announced that Michael would spend the summer with her at Constanza.

INJURED FATALLY

Gary, Ind., July 8 (AP)—Ludwig Kranawitter, 25, was injured fatally today when his motorcycle collided with a truck driven by Henry Radde, 22, of Stevensville, Mich. Radde was held on a manslaughter charge pending the coroner's inquest.

Conservation Field Force in U. P. Reorganized With New District Boundaries

Lansing, July 8 (AP)—A reorganization of the conservation field force in the upper peninsula, involving shifting of district boundaries, demotions and promotions and the dismissal of twelve game wardens, was announced today by George Hogarth, conservation director. A similar shakeup in the lower peninsula, requiring the discharge of 22 wardens, will be announced in a day or two. The changes were made necessary by a sharply reduced budget. The cuts in the upper peninsula will reduce departmental costs $32,080.

Leisner Demoted

Instead of seven upper peninsula districts there will be four. Four district wardens—St. Clair Wilson, of Hancock, C. B. Lindgren, of Ewen, Herman Leisner, of Escanaba, and Frank Nelson, of Brimley, were reduced to the rank of conservation officers. One officer, Joseph Elmblad, was promoted to a district wardenship and will have charge of the first district, made up of Ontonagon, Baraga and Keweenaw counties. The second district, made up of Iron, Gogebic, Dickinson and Menominee, will be in charge of District Warden John Andrews of Iron Mountain. District Warden Ernest Libby will have charge of the third, composed of Marquette, Alger, Delta and part of Schoolcraft counties. The district warden in the fourth, made up of part of Schoolcraft, Luce, Chippewa and Mackinaw, will be Julius Thorson of Newberry.

Deemer Dismissed

The wardens dismissed were Charles Wiinamaki, Mohawk; N. J. Crebassa, L'Anse; Robert Hill, Baraga; Charles Scavarda, Bessemer; M. D. Hayes, Gaastra; Arthur Hen-

COUNCIL ACTION BRINGS PROTEST

Crowd Gathers to Stop Closing of Detroit Lodging House

Detroit, July 8 (AP)—While a crowd of nearly 1,000 men sought admittance to the city hall to protest against the closing of a municipal lodging house for unemployed, Mayor Frank Murphy called a meeting of department heads to discuss economy measures and meet the demands of the city's needy.

A cordon of police surrounded the city hall when the demonstrators appeared. Councilman George A. Walters finally requested that the men be given a hearing and 400 were admitted to the council rooms. John Schmies, said to be a communist candidate for mayor, read a statement to the council in which it was suggested that a welfare fund of more than $100,000,000 be built up. The crowd was orderly. After the meeting the council adjourned without comment.

The Detroit news said today a member of the mayor's secretarial staff had admitted that three federal secret service agents have been assigned to guard the executive. The paper said no reason was given for the act except "general protection."

Not Appreciated

Mayor Murphy told his department heads that the 1931 budget must be completely revised so that $5,000,000 may be saved. The mayor said a complete revelation of the city's welfare expenditures would justify all that has been done.

"The real situation is not appreciated by many public officials," he said. "It is obvious that we cannot spend money we haven't got and it is equally obvious that we have a govern-

Stimson Arrives in Rome From Naples

Rome, July 8. (AP)—A new French naval limitation proposal to Italy was made to the government tonight almost simultaneously with the arrival here from Naples of Secretary of State Henry L. Stimson of United States.

Secretary Stimson arrived in Rome at 8:20 tonight after a 4½ hour drive from Naples.

While he was on the way word came to the government from Paris that French experts expect shortly to forward a new suggestion for a naval accord with Italy.

The secretary of state drove immediately to the American embassy, where Ambassador and Mrs. Garrett were waiting to receive him at dinner. The secretary's car was escorted into Rome by a cordon of motorcycle police.

MOSLEY TAKES HIS NEW SEAT

English Socialist Leads His Little Band in House of Commons

London, July 8 (AP)—Sir Oswald Mosley, aggressive young Socialist founder of the "new party," completed his break with the Labor government by leading his flock of four across the floor of the house of commons today to seats in the opposition.

Labor members jeered and shouted "Home again!" as Sir Oswald took his seat on the extreme left of the Conservatives. By his side sat Dr. R. Forgan, who has been appointed whip of the Mosleyites, or new party.

They were joined by Sir Oswald's wife, Lady Cynthia Mosley, and other members of his little band. Although only five strong in the house of commons, it now definitely ranks as an opposition party.

Broke With Laborites

By relinquishing his seat on the Labor side, Sir Oswald, originally elected as a Conservative member of parliament, was not exactly "back home." For he did not rejoin the Conservative party. The Mosleyites include four members who were elected as Labor candidates—Sir Oswald and Lady Cynthia, granddaughter of the late Levi Z. Leiter, Chicago merchant; E. J. Strachey and Dr. Forgan. The fifth member, W. E. D. Allen, was elected as a Conservative.

Sir Oswald's break with the government came last summer on the question of remedying unemployment and other policies. Dissatisfied with the government's disinclination to follow his methods, he resigned from the ministry as chancellor of the Duchy of Lancaster.

Sir Oswald, who is 35 years old, left the Labor party some months ago to announce the formation of his new party, saying he aimed at putting 400 candidates in the field in the next general elections.

The taunts of "home again" which greeted his transfer today referred to Sir Oswald's various political changes.

Child Dies From Electric Shock

New York, July 8 (AP)—The last of three emergency squads, which labored for hours after three and a half year old Walter Cerkrenik had been pronounced dead of an electric shock, gave up its effort to resuscitate him late today.

The child was shocked this morning when he sought to pull the plug of a floor lamp out of a wall outlet.

Harris Woman Breaks Neck; Will Recover

Mrs. George Lewis, 41, whose home is on a farm near Harris, was brought to St. Francis hospital in Escanaba after having fractured her neck in a fall from a load of hay. She had been assisting her husband and farm hands hauling in the crop, and while riding on the load slipped to the ground. The spine was fractured in the cervical region, but attending physicians said that the woman would recover.

Germany Says Funds Will Be Used Properly

Paris, July 8 (AP)—The German government, through Ambassador Von Hoesch, tonight gave Premier Laval its solemn word that it would not use the funds realized by the reparations moratorium for building armaments.

Ambassador Von Hoesch gave to the premier the text of Chancellor Bruening's statement of July 2, in which the chancellor assured the American government that its moratorium benefits would be used for economic purposes.

Own Initiative

France took cognizance of this note last week when it was made public, but at the same time she included in the Franco-American agreement the right to ask Germany for assurances that the money would be used for what she considered "proper purposes."

After the interview tonight, Premier Laval issued a statement in which he said the German government made the move on its own initiative. Ambassador Von Hoesch spent an hour with the premier.

Premier Laval said the visit of Chancellor Bruening and Foreign Minister Curtius of Germany to Paris could not occur before the end of July or the first of August.

Paris began today to prepare for the disarmament talks which it expects after the arrival here of Secretary of State Stimson on July 15. The government has arranged for a luncheon for the American secretary of state at which members of the cabinet will be present and dinner has been arranged at the American embassy to which a select list of diplomats and officials have been invited.

Mellon to Stimson

The indication here is that the secretary will be a busy man while he is in France. The French are not taking seriously his announcement that he is on a holiday. They are recalling that Secretary Mellon also came to Europe on a holiday, but soon became the personal representative of President Hoover at the moratorium conference.

Comment in the press has been captioned: "From Mellon to Stimson."

The willingness of France to link disarmament with reparations and debts, and the steadfast French policy of "security before disarmament" make Secretary Stimson's visit here an important one. The press today looked askance at Berlin's approval of President Hoover's statement that disarmament must occupy the front rank in international politics.

Bridge Collapses, Three Men Killed

Spottsville, Ky., July 8. (AP)—Three workmen were killed and one seriously injured when a steel vehicular bridge being built over the Green river for the state highway commission collapsed late today.

Patrick McCoun, 45, Spottsville, and William Meinkheim, 43, Mt. Vernon, Ind., were instantly killed. J. W. Flynn, 38, Ft. Worth, Texas, died tonight in a hospital at Henderson. Vernon Hinton, 35, Morganfield, Ky., was in the Henderson hospital in a serious condition.

The killed and injured were working on the under side of the structure and were buried beneath the wreckage. Six other men working on the span at the time leaped to safety before the mass of steel plunged into the river bed.

Prisoner Killed in Truck Accident

Jackson, Mich., July 8. (AP)—Norman Enger, 24, Michigan state prison inmate, was killed instantly and a guard, Newton W. Shafer, 26, received several broken ribs and spine injuries, when a truck Enger was driving crashed through a fence and struck a telephone pole on US-127 late today.

Shafer will recover, attendants at Mercy hospital said.

Enger was sentenced from Detroit.

Brooklyn Woman Killed in Accident

Reed City, Mich., July 8 (AP)—Mrs. May Bareham, 43, of Brooklyn, N. Y., was instantly killed today when a car in which she was riding went into a ditch, a mile north of Ashton. Others in the car escaped with minor injuries.

The party had left Brooklyn Monday morning on their way to Suttons Bay.

"FORT WORTH" ENDS JOURNEY TO FAIRBANKS

ROBBINS AND JONES WILL REFUEL IN AIR TWICE

BULLETIN

Fairbanks, Alaska, July 8 (AP)—The monoplane Fort Worth, bound on a 5,100 mile non-stop mid-air refuelling flight from Seattle to Tokyo, Japan, arrived over Fairbanks at 7:33 p. m. (12:33 a. m. Thursday, (EST) tonight.

Seattle, Wash., July 8 (AP)—Reg L. Robbins and H. S. Jones presumably were well on their way to Fairbanks, Alaska, early tonight after taking off here at 6:57 a. m. (E. S. T.) on an attempted 5,100 mile non-stop refueling flight to Tokyo.

The trim white monoplane "Fort Worth carrying the Lone Star state fliers was sighted during the day at various points in British Columbia and was expected to reach Fairbanks around midnight, eastern standard time, to make the first refueling contact with a tri-motored supply plane waiting there.

Ideal weather was in sight as the Texans started the adventure which, if successful, will give them a pot of gold, $25,000 offered by a Japanese newspaper for the first flight of this kind.

Riding a tailwind at an estimated height of 8,500 feet, the fliers made rapid strides in the flight that will take them over much rugged country, across stormy Bering sea, probably down the mainland of Siberia and over the Kurile islands to Japan. They hope to reach the land of cherry blossoms by 7 a. m. (P. S. T.) Friday.

Loaded With Gasoline

The Fort Worth was loaded with 300 gallons of gasoline when it took to the air this morning after its second sprint down the run way at Boeing field. Robbins, the pilot, barely got the plane off the field at the end of the runway.

Robbins and Jones, the navigator, wasted no time after they decided to leave Seattle this morning and lifted their ship into a dusky sky one hour and 12 minutes after they got out of bed.

Soon after Robbins and Jones nonchalantly stepped into their plane in street attire and sailed out of sight, reports began coming in of their appearance over the Fraser river in British Columbia.

Messages said they were seen over North Bend, Lytton, Quesnel, Prince George and Vanderhoof. The monoplane flew over Vanderhoff at 12:35 p. m. (E. S. T.) The town is 500 miles airline from Seattle.

The machine carried no radio but the fliers were making certain that points along their route recognized them.

PLANE MISHAP DELAYS FLIERS

Ship With Wives of Post and Gatty Damaged While Landing

Columbus, O., July 8 (AP)—Flying westward in the "Winnie Mae," the plane in which they completed a record breaking round the world flight last Wednesday, Harold Gatty and Wiley Post were delayed here tonight when another ship bearing their wives cracked up as it landed at Port Columbus shortly before 6 o'clock.

Mrs. Post, Mrs. Gatty and Pilot Marshall Headle of Los Angeles, narrowly escaped injury when their plane, a sister ship of the Winnie Mae, ground-looped, breaking the landing gear and the tip of the left wing.

Headle, chief test pilot of the Lockheed Vega Corporation, expressed the belief he damaged a wheel in taking off from Municipal Airport, New York, this afternoon, and that it gave way on the runway here.

Post and Gatty, accompanied by F. C. Hall, financial backer of the world flight, brought the Winnie Mae to earth three minutes before the arrival of their wives and were standing near the runway at the time of the accident.

The party had planned only a brief stop here for refueling before flying to St. Louis to spend the night. After inspecting the damaged plane, however, Post and Gatty announced they would remain until morning. Headle said the damaged plane would be sent to the factory for repairs and Hall arranged to have another ship brought here so the fliers' wives may continue the trip by air.

Post and Gatty together with Hall ran to the ship and aided their wives and Headle from the cockpits.

FALSE TAKE-OFF

New York, July 8 (AP)—Wiley Post almost started westward to receive the plaudits of his home-folks today without his navigator, Harold Gatty, and his financial backer, F. C. Hall.

Irked by five hours delay due to unfavorable weather, the world girdling pilot shot his plane into the air as soon as the skies cleared, mistakenly believing that Gatty and Hall were in the rear cabin.

Mechanics rushed onto the field shaking sweaters and coats and succeeded in waving him down to earth.

roots in the trade and commerce of a dozen nations and the task of reconciling their conflicting interests was expected to prove arduous.

Despite the lack of animation in London markets today and reports of more grave financial developments in Paris and Berlin there was a strong feeling here tonight that a way out of the international financial difficulties would be found.

HOLD AGREEMENTS

Washington, July 8 (AP)—The Hoover administration reaffirmed today its adherence to the integrity of the inter-allied war debt agreements.

Acting Secretary Castle of the state department said President Hoover's plan for a one year's moratorium on inter-governmental payments contemplated no revision of debt payment agreements.

In giving a chronological summary of the discussions leading to the president's plan Castle had said several different possibilities for world economic relief were in the chief executive's mind as early as May 11.

He added that among these was a possible reexamination of the capacity of all debtor nations to pay their obligations in view of the world-wide depression and a possible scaling down of payments.

mental responsibility to those in need. How to reconcile these facts is our problem."

The mayor said a special session of the legislature might be asked to help solve the welfare problem.

The public welfare commission decided this afternoon that the Fisher lodge for homeless men and probably three of the five municipal feeding stations will be kept open until July 19. Welfare officials explained that the commission in voting Tuesday to close the lodge and the feeding station had not intended that they should be closed at once.

Farewell Is Held for Fr. Bertrand

A large crowd atended the farewell for Rev. Father Bertrand at St. Joseph's school last evening. Father Bertrand will leave soon for Dunsscotus college at Detroit.

George G. Geniesse, on behalf of the parish, presented Father Bertrand with a purse and the departing priest replied with a few words of thanks. The Elks quartet sang a few numbers and Miss Rose Bink delighted the crowd with two selections. After the program a get-together was held.

set out early today from Seattle on a non-stop flight to Japan.

She declared she was certain "Reg" would succeed. For her it was the same sort of anxiety she experienced two years ago when Robbins and the late Jim Kelly were soaring aloft above Fort worth in a refueling endurance flight which exceeded the record the army plane "Question Mark" had set previously in California.

Robbins sent her a telegram before the takeoff, saying, "Love to you, Fort Worth and all of Texas." Jack, their eight-year old son, awaited with tense excitement the receipt of a telegram from his father Friday morning from Tokyo.

At Everman, near Fort Worth, where the farm boy-flier was born his parents, Mr. and Mrs. C. O. Robbins, went about their daily duties. The mother has often taken airplane rides with her son, although the father prefers to remain on terra firma.

"I have confidence in Reg's ability," his mother said. "I am only worried about the weather or possible engine trouble."

William A. Hudson, associate of Jones with an oil company here, received a telegram from Jones sending regards and requesting that Hudson notify Soviet authorities at Moscow of the flight.

Jones, a bachelor, gaily told friends that if they didn't reach Tokyo, "just give us two weeks' walking time." For him, a sportsman, adventurer and oil man, the flight was a vacation jaunt.

Alleged Murderer Brought to Toledo

Toledo, O., July 8 (AP)—James May, 22, of Lima, charged with the murder of Earl Truesdale, 20, Elida farm hand, one of two Lima Quarry murder victims, was brought to Toledo tonight by Sheriff Jesse Sarber, who told police he feared mob violence if May was held at the county jail in Lima.

May was held to the Allen county grand jury at Lima late today by Justice of the Peace Neal L. Lora on a first degree murder charge. Thelma Woods, 17, of Lima, Truesdale's companion when they disappeared Memorial day, also was slain, and her body found with that of Truesdale's in a stone quarry pool on the outskirts of Lima.

May is a former sweetheart of the slain girl.

Trotzku Believes in Five-Year Plan

Istanbul, July 8 (AP)—Leon Trotzky today declared himself a whole-hearted believer in the success of the Soviet five-year plan.

"Reactionary journals in several countries, especially Poland, Rumania and Greece, have recently published alleged interviews in which I supposedly declared myself an enemy of the five-year plan and the Soviet Union," Trotzky said.

"These forged interviews are a total contradiction of my real views which are sympathetic to the five-year plan and to every means for Soviet Russia's defense."

U. S. to Particinate at Geneva Meeting

Washington, July 8 (AP)—The United States is to participate in the world disarmament conference next February to seek a solution of the problem which President Hoover believes has contributed to bring about the economic depression.

An invitation to attend the Geneva discussions was received today from the League of Nations and acting Secretary Castle of the state department said a reply accepting wholeheartedly would be sent within a few days.

Utilities Comish Hears Power Plans

Lansing, July 8 (AP)—The state public utilities commission today held a hearing on the petition of the Wisconsin-Michigan Power company for approval of a $5,000,000 go'd bond issue. The funds will be used in general financing. The company operates in the upper peninsula.

The Copper Range Railroad company, the Calumet & Hecla and the Houghton Traction company were authorized to abandon and dismantle an overhead trestle at Albion, Houghton county, and substitute a grade crossing.

Auto Theft Ring Is Believed Broken

Detroit, July 8 (AP)—Police and U. S. department of justice agents revealed tonight their belief that they had broken up a well organized auto theft ring with the arrest in Canton, O., of an auto dealer, an automobile drive-away contractor and a driver whose names they did not disclose.

Drivers of Autos Must Report Their Address Changes

Lansing, July 8 (AP)—As a result of complaints that the Detroit and other police departments have refused to properly record changes of address for holders of new automobile drivers' licenses, Frank D. Fitzgerald, secretary of state, today announced that instructions have been sent to all local peace agencies.

The new state law, requiring re-registration of drivers every three years, specifies that changes of address must be recorded. The local agency which examines applicants for licenses, must record the address change on blanks which have been provided for the purpose, and must forward them to the state department for permanent record. Blank spaces have been provided on the new licenses in which changes of address must be endorsed. The holder of the license may either forward his change of address to the state department in Lansing, or may report it to the local police. The latter, if the report is made to them, are charged with the duty of relaying the information here. Failure of license holders to report address changes makes them liable to a fine of not more than $100 or imprisonment for not more than 90 days.

the United States stepped in.

This psychological effect of the Hoover plan would have been more noticeable than it was—for it began immediately after the news from Washington became public—but for the fact that the normal heavy demand for foreign currencies expectable at the end of every half year counterbalanced the turn in the tide which set in when Germans stopped shipping their money out and foreign banks stopped calling their German loans.

But the turn was definite enough to make bankers hopeful of seeing most of the flown capital back in German vaults by early autumn.

home. Vallee is reported to have spent a considerable fortune in fitting up the place, which looks eastward over the southern end of Central Park.

Numerous Suits

Since attaining fame as a crooner of songs into a megaphone, Rudy Vallee has been the target of numerous suits ranging from breach of promise proceedings to actions for recovery of wages by discharged employes.

Recently a Miss Pauline Klemp, 71-year-old worker in a religious order, sued the tenor for $25,000, accusing him of using her name in a song over the radio. The suit was dismissed. Vallee's counsel declaring the woman had hallucinations.

A suit for $200,000 for breach of promise was brought against the crooner by Agnes O'Loughlin, Broadway show girl last year. This one still is pending. Available records show Vallee has vigorously denied the girl's charges.

Vallee, who was born in Vermont thirty years ago, worked in a moving picture theatre to earn enough to buy his first saxaphone.

He came to Broadway in 1928, after his graduation from Yale university, where he matriculated after a year in the University of Maine.

ANNA GODBOUT DIES AT HOME

Longtime Resident of Escanaba Was Ill for Two Years

Mrs. Anna Godbout, 61, passed away at her home, 315 North 18th street, about four o'clock Wednesday afternoon. Mrs. Godbout had been ill for the past two years, suffering from hardening of the arteries, it was only in the last two months that her condition had become alarming.

Mrs. Godbout, the former Anna Seidhammar, was born on May 26 1870, in Menasha, Wis. She came to Escanaba about 40 years ago and has been a resident since that time. Thirty-eight years ago she married to the late Peter Kennelly and later married Joseph Godbout who died in October, 1913.

The survivors are three sons and one daughter, Mrs. Ray Kirkpatrick, of Chicago, who was Miss Charlotte Kennelly, Andrew Kennelly, Ralph Kennelly and Roy Godbout of Escanaba; two grandchildren Marjorie and Dorothy Kirkpatrick; two sisters, Mrs. John Schafer of Kenosha and Mrs. Mary Hall of Katchakan, Alaska, and two brothers Joseph and Andrew Seidhammar of Menasha, Wis.

The body was taken to the Allo funeral home to be prepared for burial and will be returned to the family home this afternoon at four o'clock. The funeral will be held on Saturday morning at nine o'clock from St. Patrick's church. Burial will be made in St. Anne's cemetery beside the grave of Mr. Godbout.

Wayne King Appears At Terrace Gardens

Wayne King, the monarch of the waltz, and his 15-piece radio orchestra will furnish the music at Terrace Gardens this evening for a dance sponsored by the Delta County U. of M. club. The proceeds will be used for the U. of M. scholarship fund.

Coming to Escanaba after a successful engagement at the Aragon ball room in Chicago, Wayne King and his orchestra are reputed to be one of the finest dance attractions to visit this city. Officers of the U. of M. club report a large number of reservations for the dance.

derson, Felch; Bert Martell, Republic; Sam Gillinger, Munising; C. W. Coon, Gladstone; V. P. Deemer, Manistique; Fred Kimmel, Newberry, and Roosevelt Haken, Drummond's Island. Notices of dismissal were sent the wardens recently, Hogarth withholding public announcement until the officers had been notified. The same procedure is being followed with the 22 lower peninsula wardens who are due for dismissal. Hogarth said the weeding out process is being carried out purely on the basis of merit, with those selected to go possessing the poor records.

Hugh Green, former head of the department enforcement division, is no longer with the department, his division having been abolished.

New Commander of Legion Formerly Lived In Newberry

Newberry, July 8 (Special)—Leslie P. Kefgen, newly elected state commander of the American Legion, is a former Newberry school man, having been principal of the high school and later superintendent. He first came to Newberry about 1911 and served in the schools until his war service started in 1917, then after an outstanding record in France, he returned here to act as superintendent again during the year of 1920.

His war record, as kept in the court house shows that he entered Camp Sheridan in the Aero division as private in company One, P. T. R., and attended the air school at Champaign. He became second lieutenant in February and was raised to the rank of first lieutenant in October of the same year. Later he was made captain commanding the 20th aero squadron. He was recommended for distinguished service medal having been twice cited for bravery, once by General Mitchell and once by General Pershing, the latter for outstanding nerve shown in air battles over Mauzon when he was credited with the destruction of three German planes.

The new Legion commander is generally called "Keff" by his friends here and has been a member of the local post American Legion. Following his war record and while connected with the schools he was elected honorary president of the Michigan Educational Association at a convention held in Marquette.

Resolution Passed

In honor of the newly elected state commander of the American Legion resolutions were passed at a meeting of the Hugh Allan McInnis Post, No. 74 held in the post headquarters on Monday July 6, 1931, and copies ordered sent to the papers. It follows:

WHEREAS, The American Legion for the Department of Michigan has chosen L. P. Kefgren as its department commander for the year of 1931-32, and

WHEREAS, L. P. Kefgen is a former resident of this community and a former member of Hugh Allan McInnis Post, No. 74, of Newberry, Michigan, and

WHEREAS, it is an honor to this community and to this Post to have one of its former citizens and comrades chosen for this high office,

THEREFORE, BE IT RESOLVED that Hugh Allan McInnis Post, No. 74, the American Legion of Newberry, Michigan, extend its heartiest congratulations and pledge sincere support to the Department Commander Comrade Kefgen in his efforts to give the Department of Michigan its outstanding administration since the organization of the Department, and

BE IT FURTHER RESOLVED that a copy of this resolution be spread upon the minutes of the Hugh Allen McInnis Post, No. 74, and that a copy be sent to the department adjutant of the Department of Michigan for publication, and

BE IT FURTHER RESOLVED that a copy of this resolution be sent to Department Commander Comrade Kefgen.

PLANE STRANDED

Bob O'Dell, local air man, is in town today having some work done on plane parts. His ship is stranded in a field near Garden Hill having been forced down by imperfections in valves.

O'Dell started to fly to Hibbing, Minn., on July 3 to take part in the dedication of the airport at that place and to distribute Luce county publicity but trouble started soon after leaving here. He was forced down near Munising but succeeded in getting his ship going again and believed that his trouble was due to the new valve grindings and would soon wear off. However he was forced down again at Ishpeming and remained there over night, going on the next day. He got only twenty-five or thirty miles beyond that city near Three Lakes when trouble started again and he returned to Negaunee where he spent some time working on his motor.

He then decided not to attempt the western flight and began his return trip but near Au Train was forced down and, being unable to make the field which he had spotted on his first passage he landed where his ship is now resting. Ted Karanen is assisting him in the repair work. He expects to bring the ship home today or tomorrow.

NEW TEACHERS

Three new teachers have been engaged by the local school board for the coming year, all to join the junior-senior high faculty. Berton Kempski of Grand Rapids will teach the commercial subjects, coming highly recommended for that department. Miss Edna Gray of Traverse City will instruct in geography and history in the junior high school. She is a graduate of Teacher's college at Mount Pleasant and has had four years experience, teaching in Britton and Marlette. Miss Lois Heath will teach ninth and tenth English. Her home is in Hastings and she has been schooled in the Hastings college and in Albion, receiving her A. B. in the latter school. She has had two years experience.

NEWBERRY BRIEFS

Albert Rupert, charged by conservation officials with having a gun in a deer area, pleaded guilty before Justice Kinzie and is spending the next twenty days in jail.

Mr. and Mrs. Peter Peterson of Tronary are visiting at the home of their son, Leonard Peterson.

Mrs. Vande Car is enjoying a visit from her sister, Miss Elsie Erickson of Detroit.

Miss Jean Palmer, a student at Chicago Memorial hospital, is spending a vacation with her sister, Mrs. Kalmbach.

NEW STATION

A sightly little station will be formally opened for trade by the Barrett Service company at the junction of M-98 and M-28 at what is known as McMillan corners about 12 miles west of Newberry. The opening will take place on Saturday, July 11.

This makes the second station this company has opened in the locality in the past few months. The main station is on the new concrete highway just completed on the southern edge of town. The Barretts, Jess and J. A. have been lumbermen in Luce county for the past decade and the gas business is a new venture for them.

COUNTY JERSEY MEN ORGANIZED

Herd Will Be Picked For Showing at U. P. Fair

About 25 Jersey breeders attended the picnic held Tuesday at the Johnston farm, Ogontz, and heard George Cooper, president of the Michigan Jersey Cattle Club, tell how the Jerseys are handled at The Oaklands, famous Michigan dairy farm. H. E. Dennison, field man for the Jersey Cattle Club, told the assembled dairymen how to improve their breed and herds.

It was decided to organize a Delta County Jersey Cattle Club as a means of stimulating interest in Jersey cattle here. Five men were chosen as directors: Richard Johnston, Harold Gustafson, Fred Holm, Andrew Sundberg and Eli Schram. The directors elected Mr. Johnston president of the club, and Mr. Gustafson secretary-treasurer.

One of the first projects laid out for the club is the selection of a county herd to exhibit at the Upper Peninsula State Fair in Escanaba, August 24 to 29.

Lunch was served by the women present. A judging demonstration was given by Mr. Cooper, and the men tried their ability at judging dairy cows, with many differences of opinion. Horse shoe pitching and a ball game were closing features of the day.

Jersey Cattle Club Will Show County Herd at U. P. Fair

At a meeting held at the Stephenson Town Hall on Monday, the Jersey breeders voted to organize a Menominee County Jersey Cattle Club. The following directors were elected: Carl P. Hansen, Wallace; Otto Theuerkauf, Menominee; Albert Kipfer, Stephenson; Andrew Benson, Carney; and Oscar Kell, Wilson. From these directors, Carl Hansen was chosen president, Andrew Benson vice president and Albert Kipfer secretary-treasurer.

The organization meeting was attended by George Cooper, President of the State Jersey Cattle Club, and who is manager of the Oaklands Farm, one of the outstanding Jersey farms in the United States; H. E. Danielson, Field Agent for the Jersey Cattle Club; and Russell E. Horwood, Dairy Specialist from Michigan State College.

It is the plan of the newly formed organization to show a Jersey county herd at the U. P. State Fair and they will meet in the near future to select other projects that will further the interests of the Jersey breed in Menominee County.

Rockefeller 92 Years Old

JOHN D. ROCKEFELLER, SR.

New York, July 8 (AP)—The distribution of dimes and nickles by John D. Rockefeller was unusually widespread and gleeful today.

It was his ninety-second birthday and the head of the house of Rockefeller celebrated it quietly at his 8,000-acre estate near Sleey Hollow, New York.

At the six o'clock dinner, which he ate with almost his entire family gathered around one big table, a frosted birthday cake was cut. Mr. Rockefeller ate his share and pronounced it excellent.

Mr. and Mrs. John D. Rockefeller, Jr., their daughter, Abie, and her husband, David M. Milton, dined at Pocantico Hills. The youngest member of the party was three-year-old Abby Milton, grandchild of John D. Rockefeller, Sr.

There were extra guards at the double locked gates to Pocantico Hills and inside an augmented private control patrol led the grounds to discourage the advances of well-meaning intruders on the birthday celebration.

Iron Mountain Has Two "Heat" Victims

Another "canned heat" victim, believed to be John Mac Donald, 70, was found in a box car at Iron Mountain, on the same side track and only a few cars distant from the spot where the body of Charles Hare was found a few days ago. In response to a query sent to the Milwaukee police department regarding Hare's identity, his sister, Mrs. Maude Ellsworth, 3627 West Burnham st., Milwaukee, arrived to claim the body, and burial will be in Milwaukee.

Efforts to locate relatives of the second man were unsuccessful, and it was planned to bury him at county expense.

TESTS PLANNED FOR SWIMMERS

Red Cross Buttons to Be Awarded; Candidates Enroll Now

Boys and girls may enroll now as candidates for the Red Cross beginners and swimmers tests at the municipal beach, Joel Olson, recreational director, announces.

All those successfully passing the examinations will be awarded merit buttons by the life saving division of the American Red Cross. To qualify for the beginners' award one must be able to dive into water over his head and swim 50 feet. The requirements for the swimmers' test are: Must be able to swim 100 yards using two or more kinds of strokes; swim 50 feet on back using legs only; recover object in from six to eight feet of water by means of surface dive; perform straight front dive in good form; and witness a demonstration of artificial respiration.

A large water slide, with a 30-foot chute, has been ordered by the city and is expected to arrive at the beach the latter part of this week.

Mrs. Moersch Hurt As Car Overturns

Mrs. Jacob G. Moersch, 1413 Third avenue south, was slightly injured when the car in which she was riding with her husband and family overturned Monday in loose gravel on US-2 near Pickford. Mrs. Moersch's left hand was cut. She was dismissed from the hospital Wednesday.

Mr. and Mrs. Moersch and their two sons, Edward and George, were enroute to Sault Ste. Marie where Edward was to enroll at the C. M. T. C. at Fort Brady, when the accident occurred. All occupants of the car were badly shaken up, but Mrs. Moersch was the only one injured, according to word received yesterday from Sault Ste. Marie.

Plans for Michigan Tourist-Time Census

W. A. Munro, Munising, president of the Upper Peninsula Development bureau, has summoned members of the bureau's executive committee to a special meeting to be held at Grand Island, Friday, July 10. Upper Peninsula secretaries of chambers of commerce and other civic organizations have been invited to attend.

The meeting was called at the request of E. A. Hyer, Director, Educational Division, Department of Conservation, Lansing. Mr. Hyer will attend the meeting to present the plans that have been formulated for making a survey and census of Michigan's tourist and resort industry. These plans are tentative and it is Mr. Hyer's hope that considerable discussion will be provoked so that the census-survey may be made more effective by means of the suggestions arising from the wide experience in the resort industry of those attending the meeting. The object is to work out the best means for compiling the information and to enlist the active aid and co-operation of all the organizations represented.

MORE USES FOR PLANES

THE NOVEL delivery of two Detroit murderers to Marquette branch prison this week by airplane is just another indication of the many uses that will be made of air transportation in the future. This and other incidents of recent occurrence give promise that the upper peninsula, even though it be somewhat remote from the established commercial air routes, will see an annual increase in visitations by airplanes.

The state conservation department plans to utilize planes to augment the tower observation system for detection of forest fires. State officials, no doubt, will use planes more frequently in making hurried business trips about the state. Commercial and industrial concerns in the upper peninsula will eventually look to aviation for speeding up their communications with lower Michigan and the rest of the country. Air mail service to this isolated section certainly is forthcoming also. Vacationists some day will fly to Hiawathaland to spend their week-ends at their own cottages or commercial resorts.

The plan of the state aeronautical board to establish an airway system to cover the state is not prompted merely by a desire to accommodate an annual air tour, such as that which recently came to the upper peninsula. These airways are being laid out as a strip of territory 15 miles wide, with regularly established airports or emergency landing fields located at intervals of approximately 20 miles. Such an arrangement will add greatly to the safety of air travel, and will promote its development in this northern section of the state.

THE RIGHT MAN

IN THE appointment of Atty. Joseph Schnitzler of Mt. Pleasant to serve on the state crippled children's commission Governor Brucker certainly has made the best possible selection.

Attorney Schnitzler's many Escanaba friends receive word of his appointment with much satisfaction. He will be remembered for his appearances in speaking engagements before student bodies, service clubs and also at the state convention of th Knights of Columbus here a couple years ago.

Himself a cripple, Attorney Schnitzler has made a remarkable showing for himself. He never allows himself to become a victim of self-pity, and what particularly impresses all those with whom he comes in contact is his constant cheerfulness. Despite his physical handicap he earned his own way through law school, establishing himself in the practice of law in 1914 and is making good.

Attorney Schnitzler's hobby has been to work for the interest of crippled children throughout the state. He understands their problems, realizing that the best way to make them happy is to prepare them to make their own way in the world instead of being objects of charity and pity. As a member of the commission Mr. Schnitzler will be in a better position to accomplish the results for which he has been striving, and the interests of the crippled children of Michigan will be decidedly enhanced.

THE FARMERS' ROUNDUP

OVER AT Chatham, Alger county, the state of Michigan is maintaining a laboratory whose findings mean a great deal to the Upper Peninsula.

The Upper Peninsula agricultural experiment station at Chatham is exactly what its name implies,—a field laboratory where the adaptability of grains, grasses, roots and fruits to our northern growing conditions is determined and recorded.

Here also are carried on all the details of breeding, feeding and weeding an outstanding dairy herd. Here may be found the celebrated "Number Nine" Holstein cow and her progeny of five generations, now numbering 21 females and exceptional milk records.

The best and most modern ideas in farm machinery, farm buildings, their efficient building, ventilation, equipment and so on, are to be seen and studied here.

This well-kept and resultful laboratory is the property of the people of the Upper Peninsula and of Michigan. Every part of it will be open for inspection on the occasion of the next annual farmers' round-up, Saturday, August 9. The public will be welcome and it is sure to be on hand in generous numbers.

THE BEAVER EXPERIMENT

THE MUCH disputed beaver question has been settled temporarily by the announcement of the conservation commission that beaver may be trapped in all but four Upper Peninsula counties from Dec. 5 to 19. The open counties in the Upper Peninsula will be Chippewa, Mackinac, Luce, Schoolcraft, Alger, Delta, Menominee, Dickinson, Marquette, Iron and Gogebic.

If the conservation department can arrive at a means of doing so, it should keep a careful check on the results of the open season on beaver next winter. There seems to be no general agreement on whether an open season will be detrimental to beaver and even the conservation commissions admit that an open season will be in the nature of an experiment. If it is to be an experiment, it should be a scientific one that should bring a definite answer to the beaver question.

Aside from deciding on the dates of the open season on beaver, the conservation commission recently voted to keep a closed season on partridge in the Upper Peninsula for another year. There will be little complaint against that regulation, as it is quite generally agreed that the partridge need another season or two to stage their come-back.—Ironwood Globe.

Anniversary

TARDIEU'S SPEECH

On July 9, 1917, Andre Tardieu, the then French high commissioner to the United States, gave a speech before the Franco-American Society in New York in which he outlined a plan for control of supplies in the war. He said in part:

"The great duty of the United States at the present moment is to put on the same footing all those who are fighting for the same cause. Since you have been in this war you have been best with requests by each of the powers of the Entente. You gave them a generous answer, but you are beginning to realize that if your assistance should be indefinitely solicited in the same manner your immense resources would not be sufficient to comply with requests when ill-regulated."

To prevent the occurrence of such a situation Tardieu proposed the creation in Europe, as near the front as possible, of an inter-allied committee to centralize all demands, study and control them, and to submit them to the United States on behalf of all the Allies, grouped according to their urgency in relation to military operations.

HEART of LIANE

(By NEA Service) By MABEL McELLIOTT

CHAPTER XII

THE problem of Clive's attitude toward his mother remained for the moment unsolved. Liane went dutifully to lunch with the old lady on the day of the flare-up. Outwardly there was no ruffling of the calm waters but the young girl sensed a resentment so deep her patron could not bring herself to speak of it. And yet, Liane thought, Clive had been in the right. His mother had spoken to him as if he were the veriest schoolboy.

"She's kind," reflected the young girl shrewdly, "but she must have her own way." Perhaps Clive had been letting her have it for years in matters large and small and now, at 24, was coming to see that he could bear this state of affairs no longer. "It doesn't matter to me," thought Liane rather wistfully, "I'm her guest, her protege, and naturally I must respect all her wishes. But for a man grown to knuckle under and do exactly as she commands him—that would be shameful."

Yes, Liane respected Clive more now that she had seen him "stand up" to his mother.

If Mrs. Cleespaugh's white head was held a trifle higher, if her tone that day, addressing the maids, grew sharper and more autocratic, her manner toward Liane at least was not affected.

"I like her but I see through her, too," thought Liane with affectionate amusement. She was a very proud old woman. She was what the girls at the convent had called "bossy." Bossiness generally went to the head. The more one's underlings submitted to dictates the more one ordered them around. "That boy's no fool," decided Liane, thinking of Clive, and wondered why Elsie had thought he was. "He has a backbone." She liked him the better for it.

Liane saw little of the young man. Occasional she had a glimpse of Clive in a turtle-necked sweater, in stained and worn brown riding breeches, galloping down the lane of a soft September morning. He would nod to her in a friendly yet distant manner, swinging off his soft hat in salutation. She would tramp through the fallen pine needles, kicking the tiny acorns with her sturdy brown shoes, thinking how fortunate she was to live in such a beautiful and luxurious world, while her mother went wandering. Liane was saving her money now. She was living quietly and demurely. The hurly-burly, amusing life of town, of scrambled meals and hand-me-down frocks, became a sort of dim dream.

* * *

SOMETIMES at night when she had gone to bed early and could not sleep she would shut her eyes to keep out the pictures that came to her. Shane McDermid, big in his blue uniform, his eyes shining sternly at her. Van Robard in his dinner clothes, bending over her hand. No, she would not think of Van! She had heard Clive say over the hall telephone one day, "Van? Oh, he's at Burlingame I believe. Be back about Christmas time."

Nor did she catch glimpses of Muriel any more. Mrs. Cleespaugh "thoroughly disapproved" of Murial Ladd.

"Have you heard," she asked Liane in a shocked voice, "of her latest conquest? The gossip papers say she is 'that way' about Curtis Blue. Such a charming person I thought him. What can he see in that hobblehoy? Muriel is an extremely indiscreet young woman and I disapprove of her."

To hear the glib expressions of the scandal sheets on the correct tongue of Mrs. Cleespaugh was disconcerting. Liane wanted to smile but dare not.

"She's—fascinating," she ventured, anent the dashing Muriel.

"Oh, fascinating!" Mrs. Cleespaugh's tone expressed nothing but sheer disgust. "I fail to see why that word should be applied to such a flibbertygibbet."

Then she set her lips and refused to say another word.

Once and only once Liane saw Muriel flash by in her streamline car. Her gypsy scarf had been discarded. She wore the more sober but still dashing habiliments of town. Little brown hat. Beautifully cut tweeds. A fur scarf, the cost of which would have bought Liane Barrett shoes for five years. Muriel threw a careless greeting at her erstwhile co-worker.

"She's forgotten me," Liane thought with a little pain at her heart. Liane wanted desperately someone who was young and frivolous in whom to confide. Muriel obviously had no time for her.

"I wonder," said Mrs. Cleespaugh, suddenly one morning resuming the subject, "what has happened to that young newspaper man—wasn't his name Desmond?—whom Muriel was supposed to be so fond of? I heard Adele Ladd was terrified for fear they would elope last summer. The girl is a will-o'-the-wisp, that's certain. One would respect her more if her affections were more permanent."

Liane had wondered, too, about Chuck Desmond. Occasionally she saw the paper in which his "Roving Reviews" were printed. He wrote with a bright irony which seemed to her excessively brilliant. She remembered gratefully his protection on the night the Danish electrician had roughly embraced her.

"He was—rather nice," Liane said.

"Was he really?" Mrs. Cleespaugh enjoyed a good gossip. "Do tell me. I didn't know you'd ever met the man."

Liane flushed.

"He came along," she said with a show of reluctance, "one night when a man at the theater was being—unpleasant."

"My dear child, that sounds terrifically thrilling," she the old lady, her eyes lighting.

"Oh, it was nothing. But he was really rather knightly about it," said the young girl, dimpling at the recollection.

"Well, I said at the time and I say now Adele Ladd might've done worse with her daughter," declared Mrs. Cleespaugh with relish. "From what one hears Muriel would be better off safely married than she is running about the country, heaven knows where, at all hours of the day or night."

"I somehow don't think marriage would change Muriel very greatly," Liane ventured.

* * *

THE old lady looked solemn. "It changes us all, my dear," she said with gravity. "One takes on dignity. Or rather, one should." She frowned as if in deep dissatisfaction tapping her morning newspaper. "Not that one would believe in dignity after reading the list of divorce cases these days," she added bitterly.

"Marriage means less than nothing, apparently, to the daughters of my friends." Mrs. Cleespaugh sighed sharply. "If Clive should ever make such a mess of his life—really, I don't know what I should do!"

She frowned again.

"But that's an unpleasant subject," she said, dismissing it. Looking at Liane shrewdly and kindly she went on:

"You're very young, my dear, but somehow I think you would take marriage in a more serious way than most of the girls of my acquaintance."

"Oh, if I loved," murmured Liane confusedly, "if I loved it would be at once and forever." She raised her shining eyes, deep and long lashed, to the older woman's. "I believe in lasting love, don't you?"

Mrs. Cleespaugh regarded her with fondness. She said very firmly, "I certainly do. Not a doubt to it."

Neither of the two had heard a light step on the threshold of the morning room where they sat with the accounts. A vibrant voice with an undercurrent of mirth in it interrupted:

"Interesting to hear two women talking of love in the early hours."

Liane, startled, looked full into the deep-set eyes of Van Robard. She gave one startled movement, tumbling the check book and the sheaf of bills. Almost they fell into the fire from which the screen stood a little aside. Van stooped, still smiling, to retrieve them as Mrs. Cleespaugh, not altogether pleased at the interruption, greeted him.

"Well, I must say—" she began rather crossly. "This is a great surprise for all of us."

Van, handsome in his traveling tweeds, leaned over and kissed her audaciously on the cheek.

"Not very gracious, Eva, are you?" he inquired.

"I'm delighted to see you, naturally," protested Mrs. Cleespaugh not too convincingly. "But why must you walk in unannounced? Why not use the telephone? You young people are so casual, so imperative."

Van appealed to Liane who, crimson and pale by turns, had resumed her place at the desk.

"She calls me a young person," he mocked. "And I'll never see 30 again. I'm deeply flattered."

But Liane refused to smile at him. She gathered up her papers to leave. "I'll get back to all this after luncheon," Mrs. Cleespaugh said more affably. Van stood at the door, holding it wide for Liane to pass. As she departed he said, so low no one else could hear:

"Sweet thing, I had to come back to see you."

* * *

LIANE dressed for dinner that evening in a fever of excitement. She had only two dinner dresses. One was a limp pink one (it had been Elsie's) and the other was a demure white chiffon which, now denuded of the sleeves the good sisters had deemed modest, had been her "class day" dress. After surveying the two distastefully Liane chose the white. She had a string of artificial pearls and since Nora had left a cluster of red roses in a crystal vase on the old-fashioned dressing table she decided to wear a knot of these on her shoulder.

She bathed in haste. Everything she picked up she clumsily dropped that night. "Fingers all thumbs," she grumbled in disgust. She was terrifically nervous. Her hair didn't suit her. She let down the bronze gold cloud three times and twisted it up again before it was done to her satisfaction.

"Maybe he won't even appear at dinner," she told herself. And, "If mother knew, she would want me to go away."

To her amazement she had discovered at luncheon that Robard was to be a house guest of Mrs. Cleespaugh's. "He's a distant relative of mine," her hostess had explained. "His mother was my second cousin. We had the same great grandmother. A charming rascal, he is. So good-looking and so unreliable."

Liane had burned to ask in what Robard's unreliability had consisted but had not dared to evince so much interest in the visitor.

"Maybe he won't be here for dinner at all," she reminded herself. "Probably he's invited to the Ladds'." She thought of what Elsie had said about Van Robard being Adele Ladd's admirer and winced at the remembrance.

When she went down stairs the great dining room was lovely in the candlelight with the table brave in lace and crystal. Liane, having satisfied herself that the floral arrangement was correct, stole into the study where she disposed herself with a book. The fire leaped and cracked for these September evenings were chilly. However, it was not entirely proximity to the blaze that sent a wave of sudden color into the young girl's face. It was the sight of a long-legged figure in black and white sprawled comfortably in the biggest chair.

"I beg your pardon," she murmured in confusion. "I didn't know anybody was here."

Her movement suggested flight. Van Robard got to his feet. "Now that you're here, don't run away," he urged in that honeyed voice of his. Liane felt her pulses flutter. There was something about this man—something that drew her subtly as a bird is drawn by a snake. She shuddered at the simile. Not that there was anything serpentine about the tall, dark man in his well fitting dinner clothes. No, he seemed likable enough in spite of the dark warnings she had received concerning him.

"I—there's something I should do before Mrs. Cleespaugh comes down," she said falteringly.

This Van Robard ignored. With one gentle, persuasive hand he urged her into the big chair, took his stance on the hearth rug.

"Stay and talk to me. Lots more important," he muttered, staring down at her.

WHAT ARE YOU PLANTING?

What will you plant in your garden plot?
Pansies, or tulips, or weeds, or what?
"Weeds?" you say, "Why, certainly not!

"Who plants mullein who might have rose?
In my garden do you suppose
I'd plant thistles, and things like those?"

Yet there's a garden all year long
Where we're scattering right or wrong,
Seeds to weaken or make us strong.

There's a plot of another kind,
There's a garden we call the mind.
In that garden what shall we find?

What is the book you choose to read?
What do you sow when you sow the seed
Of thoughts to follow, the rose or weed?

What is the picture you choose to see?
Crime, or filth, or immodesty?
What, in your heart, will the harvest be?

Some day the tempter will come to you.
Then as you think you will likely do.
What of your garden, and what of you?

SCHOOL REPAIR WORK STARTED

Many Improvements Being Made to Buildings This Summer

The summer improvement program of the Escanaba public schools, which includes the general cleaning of buildings, overhauling of boilers, repairing of equipment and replacement of window shades, is now well under way.

Except for the junior high school construction job, the major project is the remodeling of the senior high school, contract for which was awarded to John Fredenberg.

The front entrance of the senior high school building, which has been used for storage purposes, has been opened. The cafeteria and sewing room has been remodeled, and the partition between the typewriting and bookkeeping rooms has been removed to form a small study hall. Other changes are being made as follows: removal of temporary partition from science department; lockers being taken from cloak rooms and placed in corridors; principal's office moved into the superintendent's office; bookstore moved to first floor; partitions removed on third floor to form extra classroom; elevator shaft floored to provide storage space; home study plan rooms provided in Rooms 211 and 311 of manual training wing; and partitions removed to increase size of auto mechanics shop.

To Provide Gymnasiums

Seats from the study hall in the senior high school building are to be removed and replaced with auditorium chairs. These seats will be transferred to assembly rooms in the Jefferson, Barr and Franklin schools, which under the new plan will be used as combination auditoriums and gymnasiums. This will provide every school building with gymnasium facilities, since the Webster school is already thus provided and the Washington school students will have use of the junior high school gymnasium.

Moving County Normal

The Webster Annex will be closed with the removal of the county normal school to the second floor of the Franklin school. The print shop and the superintendent's office in the senior high school building will be shifted to the new building.

Other Improvements

Repairs at the other school buildings include:

Barr School—Repairing of blackboards and classroom equipment and furniture, and patching of sidewalk opposite playground.

Franklin School — Removal of bookstore to back room of office on main floor; moving all kindergarten equipment to first grade room, and laying linoleum floor in Room 1; first grade equipment to be moved to fifth grade room in northwest side of building; boiler to be overhauled; painting and repairing of school furniture and equipment.

Jefferson School—Repairing floors in some classrooms and miscellaneous equipment; windows and shades replaced; and to improve lawn.

Washington School — Repairing ceiling in Room 4; removing partition on landing; grading and surfacing north and south playgrounds; installing stoker under one boiler; building fence between lawn and north playground; renewing lawn and providing eight yards of limestone front of building; repairing boilers.

Upper Peninsula Agriculture Has Healthy Increase

Figures just released by the Michigan agricultural department at Lansing show a healthy increase in Upper Peninsula agriculture. At the close of 1920 the total farm acreage of the district was 181,009 acres. At the end of 1930 this area had increased to 252,179 acres, a gain of 39 per cent.

During the same period Michigan's total farm area decreased eleven per cent.

The number of Upper Peninsula farms is now 13,160, a gain of seven per cent over the 1920 figures of 12,317. This very satisfactory showing was made in spite of the fact that the number of farms in the entire state has decreased thirteen and one-half per cent in the past decade.

"These figures amply justify the faith of all who are concerned with Upper Peninsula agriculture and dairying," said George E. Bishop, secretary-manager of the Upper Peninsula Development bureau, Marquette. "They form the most convincing reply to those who are not sold on the Upper Peninsula of Michigan as a farming country, and they are good evidence that agriculture here has at least as good a chance as in Lower Michigan."

Ironwood Clubs to Fete Farmers

The agricultural committees of the Ironwood Kiwanis and Rotary clubs will stage their annual dinners July 21 and 22 respectively.

Both clubs pay much attention to Gogebic county agricultural matters, and many farmers are their guests on the above occasions.

Among the speakers will be George E. Bishop, Marquette, secretary-manager of the Upper Peninsula Development bureau, and J. G. Wells, Jr., Marquette, supervisor of Upper Peninsula county agents.

Menominee Holstein Men Meeting Friday

The Menominee County Holstein Breeders Association will meet at the Daggett Town Hall, Friday evening, July 10.

This meeting has been called for the purpose of making arrangements to ship out cull cattle and other cattle to stock yards outside of the county. J. M. Kronsnoble, president of the county association, has made investigation at the Milwaukee stock yards and will be able to inform those attending what advantages are to be gained by shipping with the association. It is the thought of the members of the Holstein Association that better prices may be obtained in this manner and that due to the low milk and butterfat prices that there are a number of cows in the county that should go to the butcher this year. It is hoped that arrangements can be made for shipment of several carloads of cattle at this time.

Bathers who were banned because they went to the beach with bathing suits covered by mackintoshes have won their battle with the city council of Eastbourne, England, and will be permitted this year to hold their mackintosh parade at any time of the day.

OBITUARY

JOHN CONAHAN

The last rites were performed Wednesday morning at nine o'clock for the late John Conahan, 316 South First Avenue, who passed away at the family home Saturday evening after a lingering illness. Rev. Fr. Gerald Beck was the celebrant at the requiem high mass offered at St. Joseph's church. Members of the Knights of Columbus and the Ancient Order of Hibernians assembled at the Allo funeral home Monday and Tuesday evenings to recite the rosary in unison.

The pallbearers were Joseph A. Fisher sr., A. J. Manley, Con Gallagher, Francis McCauley, W. J. Roddy and P. H. Connell.

Out of town relatives were Mrs. Robert Bunde and triplet daughters, Faith, Hope and Charity; Miss Josephine Conahan, all of Milwaukee; Mrs. Harry Martin of Chicago, Mr. and Mrs. Daniel Boyle of Iron Mountain, Daniel P. Higgins and son, Milwaukee, Mrs. John Boyle and son John, Dr. and Mrs. Francis Boyle, Marinette, and Mr. and Mrs. Andrew Higgins of Oconomowoc, Wis.

Interment was in the family lot in St. Joseph's cemetery.

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

What effect have harsh irritants present in all raw tobaccos upon the throat? A famous authority, retained by us to study throat irritation, says:

"The tissues above and below the vocal chords and the vocal chords themselves may become acutely or chronically congested as a result of the inhalation of irritating fumes in the case of chemists for example."

LUCKY STRIKE'S exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays, expels certain harsh irritants present in all raw tobaccos. We sell these expelled irritants to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. So "Consider your Adam's Apple" — that is your larynx — your voice box — it contains your vocal chords. Don't rasp your throat with harsh irritants. Be careful in your choice of cigarettes. Public Schools Hold Splendid Dental Record

Thirty eight out of every hundred children in the Escanaba public school system are shown to have their teeth in perfect condition by the final dental honor roll report for the year issued by the superintendent's office. A year ago with the closing of school only 33 per cent of the total enrollment as compared to 38 per cent this year was listed as dentally perfect.

For the third consecutive year the Franklin school led the other buildings in the city in the number of pupils gaining a place on the dental honor roll. In the Franklin building over half or 51 per cent of the pupils were given a perfect dental rating by their dentist during the year. The Barr school with 42 out of every hundred children in good dental condition placed second in the system. The Jefferson with a years accumulation of 36 per cent is rated third highest. The Washington and Webster schools with only 29 and 20 per cent perfect respectively dropped behind the other buildings.

The monthly reports on the dental conditions in the public schools issued by the office of the superintendent have shown a month by month gain since September. Starting with a few names in each school when classes reopened the list has been gradually increased through the cooperation of the teachers and parents in having as many children as possible visit their family dentist and receive necessary dental attention.

The fact that a definite gain over last year varying from two to six per cent in the number on the dental honor roll was made by every school in the city during the year is attributed by school dental authorities to the joint efforts of teachers and parents coupled with the interest of the children themselves in the honor roll system. The desire to be placed on the dental honor roll is often the controlling factor in arousing the child's interest in receiving dental attention.

One Hundred Percent

Five class rooms in Escanaba attained a record of 100 per cent perfect. Miss Dorothy Rose's third grade room at the Franklin has the distinction of being the only room in the city to reach the 100 per cent mark. Miss A. Leiper's third grade room at the Barr was second highest with 64 per cent. Miss Johnson's fifth grade and Miss Sourwine's second grade both of the Barr school, and Miss Pearson's eighth grade at the Franklin were the other three class rooms to pass the sixty per cent perfect mark.

Woman Fosters Home Town Culture

Richmond, Ind. (AP)—A woman's zeal to give her small home town some of the cultural opportunities of the large cities has provided Wayne county with an historical museum in which are housed many valuable relics of Indiana life a century ago.

Mrs. W. W. Gaar of Richmond, who had been a collector of Egyptology, inaugurated the county museum idea. She has given freely of her time and money to its development.

The museum is housed in a Quaker meeting house, almost a century old.

Mrs. Nick G. Wagner, 1109 Second avenue south, and little daughter, Patsy Rose, have returned from Columbus, O., where they visited with Mr. Wagner, who is in Columbus in attendance at the national convention of the Brotherhood of Locomotive Firemen and Engineers, to which he is a delegate. Mr. Wagner who has been in Columbus a month, will return to his home here in about two weeks. Mrs. Wagner and Patsy Rose were met in Chicago by Mr. Wagner who accompanied them on the rest of the trip to Columbus.

Mrs. Josephine Campbell, 530 South Seventeenth street, left Wednesday night for New York City for a short stay there before she goes on to Vineland, N. J., where she will take a special course in the Vineland Training school. Mrs. Campbell will study in the special opportunity department of the school which is devoted to the training of children who are mentally limited. At the close of the course, Mrs. Campbell will visit in Washington, D. C., and Philadelphia before returning to this city.

Mrs. Gordon J. Gleich, 714 Fourth Avenue south, and son, Gerald Joseph, left Tuesday for Morton, Minn., where she will visit during the summer months at the home of her father, John Ederer. Mid-Summer Mode

Pajama and parasol ensembles introduce something different to the mid-summer beaches. White shantung, favored from coast to coast this year, makes the languorous two-piece suit, shown above, from Worth, with royal blue touches in the scarf, sandals and the plaid silk sunshade which takes the place of a hat. For one who prefers mid-summer flowers, there's a gay flowered shantung suit, right, from Worth, with poppies in California red and orange tints making an all-over design. This one-piece suit has a backless bodice cut, with just a strap of the material running around the neck from shoulder to shoulder. The trousers are full and long, hiding the cute red and orange beach sandals. The gay parasol picks up the poppy colors in a dashing big plaid which contrasts with the figured design of the dress.

Births

A daughter was born Tuesday morning to Mr. and Mrs. Felix Robar at their home, 321 North Twentieth street.

A son was born recently at St. Francis hospital to Mr. and Mrs. Theodore Englund of Ford River.

A daughter was born at St. Francis hospital to Mr. and Mrs. George Larson, Escanaba Route 1.

Announcement has been received here of the birth of a son on Tuesday, July 7, to Mr. and Mrs. David Alexander Mitchell of Swarthmore, Pa. Both mother and baby are doing nicely. Mrs. Mitchell is the former Miss Theociete Ammel of this city, the daughter of Mr. and Mrs. Jacob Ammel, 412 South Twelfth street.

VEGETABLE MEALS

Vegetable plates have become a fine art in some parts of America. If you make sure to vary the color of the plate it is a help. Grilled tomato is a good centerpiece. A few stalks of asparagus, some cauliflower, a few rings of summer squash and a neat little pile of corn cut off the cob makes a marvelous dinner plate. Always garnish it with some neat touch.

Extra Trains For New Skirts

Man's unfamiliarity with long skirts has been considered by Paris dressmakers. Should some gallant of the era of short skirts step on the train of a modern dress, the "tail," as it is now called, is separated from the rest of the skirt with but little resistance. And when the owner gets home she merely has a new "tail" sewed on. Paris dressmakers supply extra trains with each skirt. This idea will be followed until mere man becomes accustomed to the new styles and knows where to put his feet.

Lacquered Brass

If you find it difficult to keep your brass what-nots shiny in summer, try giving them a coat of lacquer just after you have shined them up bright. They will stay bright indefinitely and save you time and trouble.

Forgette-Guindon

A pretty mid-summer wedding took place Tuesday morning at Nadeau when Miss Priscilla Forgette, daughter and Mr. and Mrs. Joseph Forgette, of Nadeau, became the bride of Ernest Guindon, son of Mr. and Mrs. Leo Guindon of Schaffer.

The ceremony was performed at 9 o'clock in St. Bruno's church at Nadeau, Rev. Father F. Sperline performing the marriage service. The bride was attended by her sisters, Miss Dorine and Miss Beatrice Forgette. The bridegroom's attendants were William Constantineau and Edward Guindon.

The bride wore a lovely gown of egg shell satin and her veil of white tulle was held with a wreath of flowers. Miss Dorina wore a charming frock of orchid organdie with a matching hat and Miss Beatrice was attired in yellow organdie with a hat of the same shade.

Following the ceremony a wedding breakfast was served at the home of the bride's parents. Following this members of the bridal party and the bride's parents motored to Schaffer where an elaborate dinner was served at the home of the bridegroom's parents.

Mr. and Mrs. Guindon will make their home in Schaffer.

Gereau-Blossom

A pretty wedding ceremony Wednesday morning united in marriage, Miss Lillian Marie Gereau, daughter of Mr. and Mrs. David Gereau, and Lyal Rex Blossom of Detroit, son of Mrs. Mary Blossom of 7230 Emerald avenue, Chicago.

The ceremony took place at 7 o'clock at St. Joseph's church at Perkins, Rev. Father A. C. Coignard, pastor, officiating. The couple was attended by Miss Gladys Gereau of Flint and Elmer Leclaire.

The bride's gown was of salmon shade crepe and she wore a picture hat, and carried a bouquet of tea roses and sweet peas. Her bridesmaid wore peach crepe with a matching hat and carried roses.

Following the ceremony a wedding breakfast was served to the immediate relatives at the home of the bride's parents. Mr. and Mrs. Blossom left on a wedding trip through Wisconsin. They will visit at the home of the bridegroom's mother, in Chicago, and will be at home later at 5748 Second Boulevard, Detroit. Mr. Blossom is engaged in drafting and designing for the Burrough's Adding Machine company and is located in Detroit.

The bride was the guest of honor at a number of bridal shower parties given before her marriage.

Gypsy Kerchiefs Smart for Sports

Paris, (AP) — Gypsy handkerchiefs are the smart woman's newest fancy for sports wear. The bright colored kerchiefs are worn tied high on one side of the head and low over the other, with the tabs draped over the ear. They match the color of the beach pajamas or sports frock which they accompany.

Ordination of George Wilson Sunday, July 12

George A. Wilson, son of Mr. and Mrs. J. A. Wilson, 1221 Ninth avenue south, will be ordained to the diaconate in the Episcopal church sunday morning, July 12, by the Rt. Rev. George Craig Stewart, bishop of Chicago. The services of ordination will be held in fashionable St. Chrysostom's church on Chicago's gold coast.

Assisting in the historic ordination rites will be Bishop Stephen E. Keeler of Minnesota, the Rev. Dr. John Crippen Evans, former rector of St. Stephen's Episcopal church of this city, and associate at St. Chrysostom's, the Rev. O. Malcolm Langley and the Rev. Clyde D. Wilson, pastor of St. Paul's church, De Kalb, Ill. The last named, a brother of George Wilson, was ordained to the diaconate recently in the Bishop Anderson Memorial chapel of the Western Theological seminary, Evanston. He was appointed pastor of the De Kalb church by Bishop Stewart immediately following his ordination. The Rev. Mr. Langley, formerly of Escanaba, is the curate of St. Chrysostom's church.

Mr. Wilson was graduated in June from Berkeley Divinity school, affiliated with Yale university, New Haven, Conn. During his senior year he was elected to the presidency of the student body of that school. He was graduated from Escanaba high school with the class of 1920. Later he attended Michigan university and was a member of the class of 1927.

Mr. Wilson has been called to parishes in Baltimore, Md., and St. Louis, Mo., but as yet has made no decision where he will locate following his ordination. It is possible, however, that his decision will be to return for his concluding year of studies at the University of Michigan after spending the remainder of the summer vacation with his parents at Escanaba.

Seek Reward for Heroine.

Recommendation that Miss M. Bruce be awarded a medal of honor for her bravery in saving John Reilly from perishing in the snow, has been made in Scotland. Miss Bruce, a member of the Cairngorm Club, a mountain hiking organization, found the aged man in the Cairngorms while on a hike. He had lost his way and had lain helpless in the snow for two days. Miss Bruce stumbled her way four miles over snowbound roads to the foot of the mountain, where she procured a bicycle and rode six miles through the snow to Braemer, where help was secured.

Favorite Recipe

Betty Ann

An easily prepared dish which will be welcomed by busy housewives is made according to this morning's recipe, one of Mrs. Mary Shy.

Murphy Hash

One pound ground beef.
One head cabbage.
Two tablespoonfuls dry rice.
Salt and pepper to taste.

Cook the rice in double boiler until tender. Add rice to meat with salt and pepper as when preparing a meat loaf. Cut out the center of the cabbage and fill the hollow space with meat and rice then cover the opening in cabbage with leaves that have been taken from the center of cabbage.

Place this in a kettle containing two cupfuls of water and when nearly done add butter the size of an egg on top of the meat.

Cook for about two hours on slow fire.

NEW PASTOR TO SPEAK SUNDAY

Rev. DeLoyd Huenick to Deliver Inaugural at Presbyterian Church

Rev. DeLoyd Huenink, of Cedar Grove, Wis., who recently accepted the pastorate of the First Presbyterian church of this city, will deliver his first sermon as pastor of the local congregation here Sunday morning at eleven o'clock. Rev. Huenink, accompanied by his wife, was expected to arrive here yesterday.

The new pastor is a recent graduate of the Princeton Theological seminary of Princeton, N. J., and as a candidate delivered two sermons from the local pulpit this spring. He was recently ordained and was married a short time ago.

Rev. Huenink succeeds Rev. C. M. Muilenburg who three months ago accepted a call to Lansing. A large congregation is expected to be present at Rev. Huenink's inaugural address.

Development Bureau News Has Interesting Facts on Manistique

Interesting facts and figures pertaining to Manistique were recently published in the July number of the Development Bureau News, a publication produced by the Upper Peninsula Development Bureau. The news flashes dealing with local industries, history, schools, etc., are as follows:

Incorporated as a village in 1885, George H. Orr was first village president.

Incorporated as a city in 1901, W. H. Crane was the first mayor.

Has fourteen miles of hard surfaced streets, four parks, and an open winter harbor.

The Manistique Pulp and Paper company's mill makes enough newsprint paper every day to supply a daily paper with a circulation of 450,000 copies. Over a million people daily read their news from paper made in Manistique.

The motion picture film run by the local theatre during one year if placed end to end, would reach from Manistique to New York City. Nearly eighty per cent of all entertainment films made in the United States is flashed on the Manistique screen in a year's showing. The marriage license bureau estimates that over one thousand successful matches have been made in this theater, usually begun by holding hands when the lights are turned down.

The fishing industry of Manistique uses 165 miles of nets which require $2,000 worth of linen thread yearly.

The Indian River poultry farm and baby chick hatchery near Manistique is the largest hatchery and most modern in the north country, and the largest strictly commercial egg farm in Michigan.

One concern, the Brown Dimension company, produces stock for ten thousand card tables every month.

Manistique's oldest bank was the 21st to be chartered under Michigan laws.

Manistique Elks own their own clubhouse. They contribute to a fund which is maintaining three young people at the Universities of Michigan and Wisconsin.

The total value of Manistique school property is around one half million dollars.

The Schoolcraft county road commission, with offices in Manistique, furnishes employment to over 50 men and pays over $40,000 for labor during the average year.

The Manistique school system has a separate building completely equipped for teaching home economics, and a garage in which students are given a two year course in automobile engineering.

A pair of shoes recently worn at the Riviera in France had the front composed of jeweled kid and the back of two bands of green and silver embroidery.

Specials Win and Keep League Lead

The Norton Specials maintained their half game lead over the Creighton Fords by putting the skids to the Rexalls Tuesday evening by a count of 13-8 while the Fords kept right on their heels by defeating the Independents, 6-3.

The Nortons took the heart out of the Rexalls by garnering three tallies in the first inning. Four more in the third and six in the fourth constituted all of the runs for the league leaders, Boals holding them scoreless during the last three innings. The Rexalls kept plugging away at the offerings of Eldon Norton with the third and seventh frames being their best innings. Norton and Holland worked for the winners while Boals and Eckdahl formed the battery for the Rexalls.

Holding the Fords scoreless for the first four innings, the Independents furnished a scare for the second placers. In the fifth, however, Milo Jones' support crumbled and two timely hits netted the Fords four runs. Rallies in the fifth and sixth frames gave the Indees one short of a tie, but the Fords countered twice in the seventh to put the contest in the bag.

Light hitting and sparkling defensive work featured the game. Drevdahl held the Indees to four hits while the Fords secured only five off Jones.

Thursday's games will see the Creighton Fords meeting the Coffey Coals at the Westside diamond while the Central Markets will be pitted against the Independents at the eastside.

FIELD TO BE IN SHAPE FOR FALL

Grass on Gridiron Coming Up Fine; Grounds Being Fenced

Rapid Progres is being made in the development of the Marble Athletic Field at South Gladstone and that the turf gridiron will be ready for use this fall is assured. Work on the field is being done by a crew of men under the direction and supervision of Noble Kee.

The playing field was sown early last spring and the grass is now coming up in fine shape. An underground water piping system has been installed in order that the turf may be thoroughly and efficiently sprinkled.

The field is now being enclosed with steel fencing of the cyclone type, seven feet high, similar to that which encloses the fairgrounds at Escanaba. About 2,550 feet of fencing is being used to surround the field. The posts have already been erected and stringing of the wire is now in progress. Fencing will be finished in about ten days, Mr. Kee stated yesterday.

The main gateway to the field will be on the north side, facing Dakota avenue, and the gate will be the gift of the class of 1931. The gateway pillars are of red bricked concrete, seven feet high and thirty inches square, with cap of white cement. The width between the pillars is 12 feet. Double gates, of wire mesh, similar to the fence will be used.

A bronze tablet bearing the inscription "Class of 1931" will be placed on one of the pillars. The class donated $123, the proceeds of the senior play, toward the work.

Construction of the pillars is being done by Fillmore brothers.

Funeral Services For Mrs. Granberg This Afternoon

Funeral services for Mrs. Alida Granberg, 66, widow of the late Carl Granberg, will be held this afternoon from the family home, 516 Michigan avenue. Rites will be held at 2 o'clock with Theological Student Rudolph Burke of the Bethany Lutheran church of Escanaba officiating.

Mrs. Granberg, a resident of Gladstone for the past 12 years, passed away at the family home early Tuesday morning after an illness of long duration. It was the second death in the family within a year, her husband dying late last August.

The body will be borne to its final resting place by Casper Elquist, Peter Norstrom, Charles Brant, Ott Dahlbeck, Carl Kallerson and Andrew Anderson, all close friends of the family.

Interment will be made in the family plot in Fernwood beside the body of her husband.

THEATRES

RIALTO

"Men Call It Love," which will open tonight at the Rialto Theatre for two days, is a picturization of the highly successful Vincent Lawrence stage farce, "Among the Married."

Leila Hyams has the role of the young married woman who is so devoted to her husband (Norman Foster) that she laughs at the attentions of the country club's golf professional (Adolphe Menjou).

However, her laughter turns to tears when she discovers an affair between her husband and another woman (Mary Duncan). In desperation she turns to Menjou with the intention of "getting even."

Free Band Concert Proves Enjoyable

Hundreds of Gladstone music lovers turned out last night to hear the initial concert of the summer series presented in the city park by the municipal band. The program was well arranged and proved highly enjoyable. Presentation was under the direction of Conductor Frank Karas, Escanaba, presiding for the first time as director of the local music organization.

Heal Eczema, Skin Diseases With Powerful, Penetrating Antiseptic Oil

Results in 7 Days or Money Back.

This wonderful preparation now known all over America as Moone's Emerald Oil is so efficient in the treatment of skin diseases that the itching of eczema often stops with one application.

A few more applications and the most persistent case of Eczema often is healed never to return; even old chronic cases of long standing quickly show remarkable results.

Moone's Emerald Oil is safe and pleasant to use; it doesn't stain or leave a greasy residue. It is so powerfully antiseptic that one bottle we know will show you beyond all question that you have at last discovered the way to restore your skin to perfect health. Old sores, acne and stubborn pimples are also helped by this treatment.

Ask the Ellsworth Drug Co., and Peoples Drug Store or your druggist today for a 2 ounce original bottle of Moone's Emerald Oil. And remember, you must be helped by this sensible treatment or money back.

Ducheney Hurls No-Hit Game and Roumans Win, 10-1

Ducheney hurled the first no-hit game of the season here Monday evening and Rouman's garnered their seventh straight victory in the Gladstone diamond ball league, 10 to 1, with the Reporters as the victims.

The slab ace of the league pacesetters was robbed of a shutout when two errors on the part of his teammates allowed the newshounds to put across a lone tally in the sixth frame. Ducheney sent 13 men back to the bench via the strike-out route and walked five.

Score by innings:

Roumans	3	1	0	4	2	0	—	10	12	2
Reporters	0	0	0	0	0	1	—	1	0	1

Batteries: Ducheney and Swan; H. Switzer and Ackley.

Umpires: Nylund and Morgan.

SOO NIPS FLOORS

In a hurling duel that went overtime, the Soo Office nosed out the Floors, 4 to 3, Tuesday evening. The game was a postponed tilt, originally scheduled for last week. With the score 3-2 in favor of the penpushers, the Floors pushed across a tally to deadlock it at 3-all in the seventh. The Floors came back in the eighth to score the winning run, Mr. Kircher crossing the plate when Feldt dropped Danielson's easy fly.

Score by innings:

Flooring	0	0	0	0	2	0	1	0	—	3	5	2
Soo Office	1	0	1	1	0	0	1	—	4	9	1

Batteries: Skellenger and Williamson; Ottenhoff and Bergstrom.

Umpires: Swan and Nylund.

HIGH SCHOOL WINS

The High School climbed out of the league cellar Monday evening when they trimmed the Marble Arms to the tune of 14 to 7. The axe-makers chased Ty Olson, starting student hurler, from the box when they pounded out seven runs in the first inning. Damitz relieving him and holding them scoreless the rest of the game while his mates were finding Pelkey for plenty to win.

Murray, Skellenger and Nelson got circuit clouts.

Score by innings:

High School	2	1	6	2	0	1	—	14	13	3
Marbles	0	0	0	0	0	0	—	7	9	6

Batteries: T. Olson, Damitz and H. Kircher; Pelky and Neveau.

Umpires: Rouman and L. Kircher.

Rev. and Mrs. H. W. Colenso and son, James, will leave this morning for Sault Ste. Marie, Mich., where they will visit for several days. While in the Sault, Mrs. Colenso will visit with an aunt, Miss Margaret Chisholm, Sacremento, Calif., whom she has not seen for 26 years.

BY JOHN L. COOLEY
(Associated Press Financial Writer)

New York, July 8. (AP)—Financial markets were reactionary today.

Fully aware that the benefits of the moratorium will probably materialize slowly and that Germany's financial situation is still in a rather delicate balance, speculative quarters also gave consideration to the summer dullness in domestic trade and to declines in commodity prices.

Stocks, after a heavy opening, rallied under the guidance of the railroad issues during the morning, but sold off sharply in the afternoon. Lats covering brought the list up from the lows, reducing the average decline to a point. Coppers were the weakest group, influenced by the reappearance of 8 cent metal.

Action Tapers.

Activity in stock trading tapered off and the turnover of 2,400,000 shares was 600,000 less than yesterday's.

July and September wheat broke to new lows for the season, which also meant the lowest prices since 1896. The stock market was a factor, but Chicago traders were also influenced by a favorable weekly weather report and a small export demand. Net declines ranged from 1-8 to a full cent. Corn was off fractionally.

Although reports from Germany said the guarantee for a $125,000,000 long term foreign loan, made by a thousand of the Reich's leading corporations, had been favorably received, the demand for foreign currency was substantial, but the Reichsbank was said to have lost only $6,000,000 in gold marks.

Curb Continues Downward Trend In Slower Pace

New York, July 8. (AP)—The trend of today's curb market was again downward, but the pace was slower, and resistance developed in spots.

The day's turnover approximated 320,000 shares, or 160,000 less than yesterday's. A better tone developed in the late trading, when some losses were partially recovered.

Oils held up somewhat better than they have recently, as the drop of 2,170,000 barrels in gasoline stocks shown in the weekly statistics was mildly encouraging. Crude production gained, however, and there is little hope of satisfactory price situation pending the bringing of east Texas under pro-ration.

In the utilities, short covering helped to support Electric Bond and Share, which closed a fraction higher. American Gas and Electric dropped 3 points, then rallied to close with a loss of 1⅜.

DAY'S MARKETS IN BRIEF

New York, July 8. (AP)—

Stocks weak; pivotal shares continue decline.

Bonds irregular; rails sag.

Curb heavy; oils soft.

Foreign exchanges irregular; sterling sags; French franc strong.

Cotton weak; bearish acreage report.

Sugar barely steady; steady spot market.

Coffee easier; European selling.

Chicago:

Wheat lower; favorable weekly weather report.

Corn easier; sympathy with wheat.

Cattle strong.

Hogs higher.

CHICAGO PRICES

CHICAGO EGGS.

Chicago, July 8.—Eggs, 10,776 steady, extra firsts 18; fresh graded firsts 16½; current receipts 14½.

CHICAGO POTATOES.

Chicago, July 8.—Potatoes, 45, on track 151, total U. S. shipments 748, steady, trading fair; sacked per cwt., Oklahoma Bliss Triumphs best 2.25, poor 1.50 up; East Shore Virginia Cobblers 1.70 to 1.75, bbls. 2.80 to 2.90; Norfolk section 2.65 to 2.70.

CHICAGO LARD.

Chicago, July 8.—Cash lard 8.12.

CHICAGO BUTTER.

Chicago, July 8.—Butter prices declined ½ cent on top scores today, chiefly because buyers refused to follow the ½c advance yesterday.

Fresh: 93 score, 24 to 24½; 92, 23½; 91, 23; 90, 22; 89, 21½; 88, 21; 87, 20.

Centralized: Carlots 90 score 23½; 89, 22½; 88, 21.

CHICAGO GRAIN.

Chicago, July 8.—Adversely affected by weakness of securities and cotton, grains tumbled late today, carrying wheat down to fresh low price records unequalled since 1896. The break in wheat was simultaneous with two bank suspensions in Spain and collapse of a big German textile concern. Another bearish factor was a report that Russia had chartered vessel room for the export of 30,000,000 bushels of grain, and that Great Britain had arranged for substantial credits to Russia.

Wheat closed nervous, 1-8 to 1 1-8c down, corn unchanged to 5-8 off, oats unchanged to 1-8c decline and provisions showing 2 cents to 15 cents setback.

Temporary advances in corn were associated with reports that throughout wide sections of the southwest, especially Oklahoma, the corn crop situation was serious. The reports said corn was in the critical tasseling and silking stages and was urgently in need of rain. It was added that corn in the uplands of some other parts of the south had suffered damage.

Provisions sympathized with the late weakness of grains.

Closing indemnities: Wheat, July 54 to 54 1-8, 55 5-8; Sept. 54 7-8 to 55, 55 7-8 to 56; Dec. 59 1-8 to ¼, 60 3-8 to ½.

Corn, July 58½, 61; Sept. 53 2-8 to ½, 54 7-8; Dec. 47 3-8 to ½, 48½ to 5-8.

CHICAGO LIVESTOCK.

Chicago, July 8.—Hogs 13,000, including 2,000 direct; closed moderately active, mostly 10c above Tuesday; pigs and light lights 10 to 25c up; packing sows 10 to 25c higher; bulk 17 0to 220 lbs. 7.35 to 7.50; top 7.55; 230 to 350 lbs. 5.75 to 7.35; pigs 6.15 to 6.65; packing sows 4.60 to 5.60.

Cattle 7,000; calves 2,000; light steers and yearlings especially light yearlings 25c higher; active at advance; better grade weighty steers mostly steady; but lower grade kind with weight closed 10 to 15c lower; yearling steers topped at 8.65; best heavies 8.25; yearling heifers 8.10; all she stock 50 to 1.00 higher than week ago.

Sheep 14,000; closing active; lambs mostly 15 to 25c higher; spots up more; sheep 25 to 50c higher; feeding lambs strong; bulk range lambs 7.85 to 7.90; several loads 8.00; best natives 7.85; choice light weights 3.00 and 3.50; lambs 90 lbs. down, good and choice, 7.25 to 8.10; medium 5.50 to 7.25; all weights common 4.00 to 5.50; ewes 90 to 150 lbs. medium to choice 1.75 to 3.50; all weights, cull and common 1.00 to 2.00; feeding lambs 60 to 75 lbs. good and choice 4.75 to 5.50.

New York, July 8. (AP)—The bond market receded irregularly today. Activity declined also. Sales totaled $8,274,000 at par values compared with $11,344,000 on Tuesday. The former is the smallest total for a full session since June 8 when sales aggregated $8,206,000.

Lower prices were distributed over the list but the decline was more marked among the rails than elsewhere, probably because they were one of the most active groups.

Foreign obligations received further attention but the fluctuations of German obligations reflected less apprehension. German 5½s of 1965 and Duetsche Bank 6s were two of the most active issues of the whole list and closed with fractional gains. Berlin City Electric 6½s of 1951 and of 1959 were higher for the day on the final sales also.

Denies Charge of Bank Plot

Clarence Bliss, above, receiver of 200 state banks in Nebraska, has denied the charge of Governor Charles W. Bryan, who said he had "discovered a plot" to remove receivership records from the state house. Bliss said his troubles with the governor were due to his refusal to appoint Democratic friends of Bryan as attorneys.

Max Schmeling Will Fight Primo Carnera in Second Title Scrap in September

BY EDWARD J. NEIL

New York, July 8 (AP)—Max Schmeling, king of the heavyweights, will be back in the ring September 17, risking his championship and swapping punches with another challenger, this time Primo Carnera, the man mountain from Italy.

Less than a week after he blasted Young Bill Stribling in the Cleveland Municipal stadium ring, the dogged German agreed today through his manager, Joe Jacobs, to his second championship defense of the summer season. Schmeling is enroute to Germany for a brief vacation but he will return in August to resume training.

RECOGNIZE MAXIE

Philadelphia, July 8 (AP)—Max Schmeling was recognized as world heavyweight boxing champion by the Pennsylvania state athletic commission today. No heavyweight king had been recognized in this state since Gene Tunney abdicated the throne three years ago.

Site Still Puzzle

The distance will be fifteen rounds but the site for the match must remain a puzzle for several weeks at least. Unless Schmeling is reinstated in New York, a remote possibility, since he so far has refused to meet Jack Sharkey in a return engagement, the bout will be taken by the Madison Square Garden Corporation of Illinois either to Chicago, Jersey City, or Philadelphia. Cleveland might be given another chance to produce a gate greater than the $350,000 output for the Schmeling-Stribling duel that cost the Ohio Garden a loss of about $50,000.

Jacobs conferred with Leon See, manager of Carnera, and William V. Saxe, president of the Ohio Garden Corporation, for an hour today smoothing away some of the difficulties that arose through the Italian's attempt to break a contract for the match signed last January. At the close of the discussions, Saxe issued the following statement:

"In accordance with the agreements made last January, a bout for the heavyweight championship of the world has been arranged between Max Schmeling, now heavyweight champion, and Primo Carnera, challenger. This bout is scheduled to occur sometime in the early fall."

Although Leon See said the match would take place September 17, Jacobs has insisted up to today that Carena had broken the agreement of January, when Stribling, Schmeling, and Carnera entered into a three-cornered pact, by failure to post a forfeit of $25,000 to bind his share of the bargain. The Italian giant also went to court a few weeks ago in an attempt to break the contract with the Garden and clear the way for a match with Jack Sharkey for a rival promoter at Ebbets Field. Final decision in the court action has not been made but because of Carnera's apparent change of allegiance the matter will be dropped.

Today Saxe said the forfeit clause in the January agreement had been waived "by mutual consent."

BROWNS DEFEAT DETROIT TIGERS

St. Louis Pounces on Bridges in Seventh To Win, 7-1

Detroit, July 8 (AP)—George Blaeholder tightened in the pinches today and the St. Louis Browns took the first game of their series with the Detroit Tigers with a score of 7 to 1.

Blaeholder held Detroit to nine hits while the Browns made 14 off Bridges and Sullivan. Bridges went along smoothly until the seventh inning when the Browns got five runs. George Burns and Storti starred for St. Louis, the former getting three singles in five times at bat, and the latter getting a triple and double in four times at bat.

After a scoreless first inning the Browns stepped out with a run in the second when Storti tripled and came in on Burns' single.

Five In Seventh

The teams went into a deadlock after the second inning and neither scored until the seventh when the Browns got their five runs. Three doubles, two singles and two passes gave St. Louis the runs. After the mischief had been done Charlie Sullivan replaced the harrassed Bridges.

The Tigers scored their lone run in the seventh when Johnson singled, advanced to third on Gehringer's single and scored on Stone's single.

The Browns got another run in the ninth when Goslin doubled and came in on Kress' single to center field.

Leading Batsmen In Big Leagues

(By The Associated Press)

Babe Ruth's twenty-first home run plus three other hits off the Red Sox ptichers sent his batting average soaring to the top of the American League yesterday. Morgan connected three times but he trailed the Babe by three points while Webb, the third of the American League leaders, kept in front of his National League rivals in the Big Six by also pounding out three hits and boosting his average two points.

BUTCHERS-BAKERS

The Butchers and Bakers will meet for thenth time this season on Friday evening to resume hostilities on the diamond. The old warriors will meet at the fairgrounds diamond with Loeffler and Loeffler selected as Baker batteries and Walch and Swanson for the Butchers.

Marion Anderson, a colored singer, recently received an enthusiastic reception in Berlin, Germany, when she sang songs by Wagner, Beethoven, Lizst and Greig in German.

SEEDED STARS WIN MATCHES

Forest Hills, N. Y., July 8 (AP)—No breaks occurred in the seeded group as the lawn tennis professionals made their belated start in the fifth annual tournament for the championship of the United States on the turf of the West Side Tennis Club here today. Vincent Richards, the defending title-holder, cut loose his fastest volleys to overwhelm Allen Behr, New York, 6-1, 6-0, 6-0.

Big Bill Tilden, making his first appearance in a professional tournament; Francis T. Hunter and Howard O. Kimsey, former Davis Cup stars; and the others of the selective list all came through with comparative ease. Albert Burke of France revealed the fluency of stroke which has made him a model on the European courts.

Tilden's match provided a brief flash of brilliancy. In his happiest mood, Big Bill essayed all manner of fancy strokes against the veteran, James Burns. Outclassed as was the later, he caught his famous opponent out of position at times. Tilden is to meet James J. Mitchell of Richmond, Va., for the place in the quarter final tomorrow.

Albert Burke of France, transplanted from Ireland, defeated Captain Valerian Yavorsky, formerly of the Russian Imperial army, 6-1, 6-0, 6-0.

Howard O. Kinsey, former Davis Cup player, had little difficulty in mastering Robert K. Murray, Forest Hills, 6-1, 6-3, 6-4. When forced into prolonged rallies, Kinsey employed his famous loop drives to the complete wrecking of Murray's best efforts at placement.

The stadium matches for tomorrow are as follows:

Kozeluh vs. Noble.
Kinsey vs. Heston.
Richards vs. Heston.
Tilden and Hunter vs. Faulkner and Agutter.

PITCHING MEET IS ADVANCING

More Matches Played in Press Horseshoe Tournament

Cooler weather has prompted horseshoe pitchers in the Daily Press tournament to play off their matches and as a result more tournament games are being reported each day. Players who have not played at least first round matches are urged to do so as soon as possible so that the winners can meet their second round opponents. In many cases players who have reached the second round are waiting for playoff of the first round matches in the same bracket.

Results of matches played yesterday follow: Stores and Office division: Ed Gunkel 43, F. X. Fontaine 36; Harold Benson 46, Sherman Palmeter 23; Al Kohlman 45, Don Sullivan 17; Industrial, Rudy Frederickson advanced by default; from Carl Lang; Business and Professional, Charles Hammer 23, John Finn 16; 12 and 14 year old, Lester Schram 31, Jack McCarthy 20.

The best exhibitions were turned in by Kohlman, Gunkel and Benson in the Stores and Office division. Benson made 46 points and Kohlman scored 45. Gunkel made 43. Kohlman registered eight single ringers and two double ringers to defeat Sullivan. Gunkel looped 13 single ringers but failed to connect for a double.

All of yesterday winners except Hammer and Frederickson must wait for more first round matches to be played before they will be able to play their second round games. Hammer will play John Bawden in the second round of his division and Frederickson opposes Alvin Norlin in the industrial division.

TAKE BIG LEAD IN STANDINGS

Athletics Now Are 6½ Games Ahead of Senators

Washington, D. C., July 8 (AP)—Philadelphia took a commanding lead in the American League race today, winning the odd game of the series with Washington, 6 to 3, with a savage first inning assault. The champions left Washington with a six and a half game hold on first place.

Four runs were collected by the Athletics in the opening frame before Lloyd Brown settled down. Bishop singled and Haas beat out a bunt. Cochrane fouled out but Simmons hit the centerfield fence for a triple and Foxx brought him home with a drive high up in the left field bleachers.

Washington pecked away constantly at Grove's slants and filled the bases in the second and fourth innings. The Philadelphia ace, however, bore down in the pinches, mixing his speed ball and curves to score his seventeenth victory of the season.

Washington Scores

Walter Johnson used three pinch hitters and four pitchers in his futile effort to save the contest.

In the sixth, Grove walked Kuhel and Spencer to open the inning. Pinch Hitter Hayes singled to center, scoring Kuhel. Hayes and Spencer advanced to second and third when Haas fumbled the hit. Grove then fanned Myer and forced Manush to pop up but Cronin brought the two runners home with another single to center. Grove ended it by striking out Harris.

Philadelphia picked up a run in the second after two were out on Bishop's single and Haas' triple. They added another in the sixth on Miller's Texas league double to center, Dykes' sacrifice and Boley's single to left.

National Horseshoe Tourney Sept. 26

Word has been received from James T. Kolbert, Chicago, secretary of the American Horseshoe Pitchers' association, that the national tournament will be held at Lincoln Park in Chicago on Saturday, Sept. 26.

The winner of the men's competition in the Escanaba Daily Press tournament, now in progress, will be eligible to compete.

Two additional entries in the junior boys tournament have been received, and as a result William McCarthy will compete with Kenneth Lewis in the first round of this division.

Hudlin Pitches And Bats Indians To 10-6 Victory

Chicago, July 8. (AP)—Willis Hudlin personally won an extra-inning victory for himself this afternoon when he singled in the eleventh inning to drive home the first run of a wild scoring splurge that enabled the Cleveland Indians to beat the White Sox 10 to 6. Hudlin replaced Brown in the seventh and held the Sox scoreless until the last of the eleventh, when, with a five run lead, he eased up and the Hose scored one. Joe Vosmik hit a home run in the first inning with two men on base.

Diamond Ball

A REAL BATTLE.

The Empops and the Evcos put on a real show last evening before the Evcos finally eked out a 6 to 5 decision. The Empops rallied in the seventh to score three times and knot the count but the Evcos retaliated in their half of the inning with a winning run.

Score by innings:

Empops ------ 000 020 3—5 9 1
Evcos ------- 030 002 1—6 7 2

Batteries: Empops, Miller and Johnson. Evcos, LaCrosse and Lancour.

Umpire: Bill Schram.

PRINTERS IMPROVE.

The Printers looked like a hundred per cent better team last night as they steamrolled their way to a smashing 11 to 6 victory over the Kiwanis in the Old Timer's league. The Printers tallied in every inning but the third.

Score by innings:

Kiwanis ------- 010 121 1— 6
Printers ------- 330 221 x—11

Batteries: Miller and Belanger, Temby and Johnston.

Umpires: L'Heureux and Leech.

WEST END LOSES.

Behind the steady pitching of their start hurler, Snyder, the Turners turned back the West End last evening, 12 to 3. With the game well in hand after the fourth inning, the Turners eased up in their final frame to allow the West End score two of their three runs.

Score by innings:

West End ------ 000 100 2— 3
Turners ------- 012 470 x—12

Batteries: West End, Hamilon and Russell. Turners, Snyder and Reubens.

NEWSPRINTS BEATEN.

The Neversweats pulled the unexpected last evening and walloped the league leading Newsprints, 5 to 1, in the Old Ttimer's league. The Newsprints were held well in check by the fast traveling Neversweats and they seemingly doomed to be shut out when Sharkey landed on one of Warner's fast balls in the seventh inning for a home run to save the Newsprints from a whitewashing. The defeat crashed the Newsprints into a tie with the Premiums for the league lead.

Score by innings:

Neversweats --- 005 000 0—5 7 0
Newsprints --- 000 000 1—1 5 1

Batteries: Newsprints, Mellongree, Hendensich. Neversweats, S. Warner and Desmond.

Umpires: L'Heureux and Moreau.

NECOS WINNER.

The Necos continued in their fight to get back into the league lead by walloping the Indees, 13 to 6 last evening. Greenless pitched tight ball for the Necos until the fourth when the Indees jumped on to his offerings for five runs. He chalked up 17 strikeouts, however, to increase his lead in the pitching records.

Score by innings:

Necos ------ 504 013 0—13 15 0
Indees ------ 000 500 1— 6 7 3

Batteries: Necos, Greenless, Pearle. Indees, Lombard, Johnston, Drege.

RALLY BUT LOSE.

After trailing all the way by a large margin, the Bevenocs rallied brilliantly in the final two frames to score nine runs but fell short of closing the gap by one run and they bowed to the Police, 17 to 16. The Bevs counted four times in the sixth and five times in the seventh but their rally failed to give them an even break with the Cops.

Score by innings:

Police ------ 437 210 0—17 10 7
Bevenocs --- 304 004 5—16 11 4

Batteries: Bevenocs, Mortenson, Sullivan. Cops, Jensen, Moberg.

Schaffer Tigers Defeat LaBranche

The Schaffer Tigers defeated the LaBranche Sluggers, 11 to 5, in a hard-fought game, Saturday afternoon on the Riverview diamond.

After the first two innings, during which LaBranche had piled up a five run lead, the Tigers started to hammer McGinnis almost at will, while Hamacher, the Tiger hurler, had the Sluggers completely baffled, allowing only one hit in the last seven innings.

Score by innings:

Schaffer ..... 003 310 310—11
LaBranche ..... 410 000 000— 5

Batteries: Schaffer, Hamacher and H. Schultz; LaBranche, McGinnis and Lawrence.

Hits: off Hamacher 6; off McGinnis 17.

Struck out: by Hamacher 18; by McGinnis 5.

Three base hits for the Tigers were made by Perryman and Dupie.

Umpires were Lane and Carley.

Heine Meine Is Puzzle to Hornsby and His Chicago Gang

Pittsburgh, July 8 (AP)—Chicago could do nothing with Heinie Meine until two were out in the ninth inning today and Pittsburgh defeated the Cubs 5 to 2. Meine held the visitors to six hits and had his second successive shutout in sight when Hemsley's triple scored Stephenson and the Cub catcher tallied as Grimm singled. All the locals' runs were scored off Warnecke and May in the first two innings. Score:

"Hunk" Anderson Undergoes Knife For Appendicitis

Rochester, Minn., July 8 (AP)—Heartly "Hunk" Anderson, senior football coach at Notre Dame, who had been recovering at a Rochester hospital from an attack of meningitis, was operated on late today following an attack of acute appendicitis.

Several hours after the operation Anderson's condition was reported as "fairly good," although Dr. Waltman Walters, who removed the appendix, said it was too early to determine if any complications might develop.

Anderson came to Rochester more than a week ago for examination to determine the cause of severe headaches, from which he had been suffering since last May. Physicians diagnosed his ailment as meningitis. He had been receiving treatment the past week, and the headaches had nearly disappeared.

Nedda Guy Captures Rich Stallion Stake

Cleveland, Ohio, July 8. (AP)—Nedda Guy, owned by the Good Time stable of Goshen, N. Y., and driven by Walter Cox in the first heat, and Harry Stokes in the second and third, won the annual renewal of the $12,000 stallion stake at North Randall track here today. He sold for $25 in pools totalling $445.00.

Protector, which ruled equal favorite with Charlotte Hanover for the race, won the first heat and appeared to have the second won when he threw a boot and a shoe at the head of the home stretch causing a bad break. Nedda Guy came on to win handily with Calumet Butler and Charlotte Hanover close up.

The third heat was a stoutly fought battle by Nedda Guy, Calumet Butler, Charlotte Hanover and Protector but Nedda Guy drew out at the head of the stretch and won comfortably.

Upbays-Trenary Game Features Delta-Alger League Series Sunday

Last Sunday's baseball games failed to make any material changes in the Delta-Alger league, due, partly, to the rainy weather. The only game that might have really effected a noticeable change in the league standings was the Gladstone-Trenary game, which was rained out.

In the other games played, Wells further entrenched themselves in first place with a lopsided victory of 13 to 1 over Rapid River, and Perkins gained undisputed position of the lower extremity by losing to Rock, 9 to 8.

The feature game on next Sunday's card ought to be the Gladstone-Trenary game, which failed to materialize last Sunday. These teams are scheduled to clash on the Gladstone lot, in what appears to be Trenary's first real test of the season. The Alger county lads have already disposed of Perkins and Rapid River, both teams being in or near last place. Gladstone has defeated Rock, but lost to the strong Wells outfit. The baytowners are a classy outfit, and Trenary will have to be at their best to stay in first place again.

The league leading veteran Wells outfit travels to Rock next Sunday to meet the youthful Spartans. Wells is a tried ball club and well on their way to a championship, while Rock is in the experimental stage. The strong Gladstone outfit defeated both of these teams by 4 to 3 scores in recent games, and the Spartans may be able to give the saw mill towners something to think about. Wells will not easily be dethroned, however, and it would be somewhat of a surprise if they should lose.

The final game on Sunday's card is at Perkins, with Rapid River furnishing the big fireworks. This game will be a battle for the cellar position, that is, Perkins will be battling to get out of the cellar, and Rapid will endeavor to stay out. Should Rapid lose this game, they would fall into a tie for last place, and so they don't expect to lose. Perkins is tired of occupying that position alone, and they expect to have some company after next Sunday's game is over.

Curran Defeated By Jim Damitz In Gladstone Tourney

Jim Damitz who copped first honors in the Gladstone city tennis tournament last year yesterday defeated Mike Curran, runner-up in the Escanaba city net tourney this year, 10-8, 6-2 to go to the quarter-final round of the Gladstone tourney where he meets Jim Rouman who won the Escanaba tournament this year. Bob Skellenger high school champ will be pitted against the winner of the Damitz-Rouman match in the semi-finals. The other singles semi-finalists are Burleson Fitzharris and Ron Murray.

In the doubles Damitz-Russell meets the Farrell brothers combination in the semi-final round, the winner to play Olson-Murray in the finals.

Final matches in both the singles and doubles will be played Sunday.

New York Giants Lost to Phillies In Opener by 5-4

Philadelphia, July 8 (AP)—The New York Giants lost the opening game of the series with the Phillies, 5 to 4, today when Bill Terry's wild throw to third base in the ninth broke up a hurling duel between Frank Watt and Fred Fitzsimmons.

The Giants took a four-run lead in the third on hits by Hunnefield, Leach, Terry and Ott's home run but the Phillies tied the score by counting twice in the third and twice again in the fourth. Friberg doubled to start the final half of the ninth, Watt bunted down the third base line and Terry attempted to catch Friberg at third but threw wild, allowing the Phillies second baseman to score with the winning run.

Munising Rotary Planning Meeting Of U. P. Clubmen

The Munising Rotary club is sponsoring a meeting of the Rotary Clubs of the upper peninsula to be held at Grand Island Saturday and Sunday, July 11-12. Gladstone, Escanaba, Manistique, the Soo and Marquette will be represented and it is expected that there will be a large attendance.

The program will consist of music and speaking, the principal speaker to be James Fisher, professor in the Michigan College of Mining and Technology, of Houghton. After the conclusion of the Saturday program there will be games and sports. Sunday wil be devoted mostly to sight seeing, when points of interest will be visited by boat and auto.

Boats will leave the Munising dock each day at 11 a. m. and at 1 p. m. for Grand Island, eastern standard time.

ROTARIANS MEET

The members of the Munising Rotary club met at the Beach Inn Tuesday noon for their regular noonday dinner. The speaker was Royce Iglehart, who gave a very interesting and entertaining talk upon the oil fields of Texas and Oklahoma. This was the first meeting for the new officers of the club, who are: President, Oscar E. Ole; vice president, E. F. Bartels; secretary-treasurer, George A. Baldwin.

NEW LAW FIRM

The Press is informed that the firm of Hudson & Coates has been formed with offices at Sault Ste. Marie and Munising. The new firm will be composed of Roberts P. Hudson, of the Soo, former circuit judge of the eleventh judicial circuit, and Claude W. Coates, of this city, member of the Michigan legislature from the Alger district.

The firm will give its attention to the general practice of law in the state and federal courts and before administrative tribunals, state commisstons and departments.

Representative Coates states that this does not necessarily mean that he will give up his residence in Munising, but will continue to attend to the business of his clients here each Saturday and Monday, spending the balance of the week at the Soo.

PIONEER BUSINESS MAN

Paul Kling of Detroit, who has been visiting with his brother, E. P. Kling and family, leaves for home today. Paul started the first drug store in Munising, locating in a building owned by Dr. Trueman. This building stood on East Superior street, facing south. Later it was used for a bowling alley and skating rink and several years ago the roof caved in and the lumber was sold and hauled away. During Mr. Kling's occupancy of this building during the first years that Munising was building up, he did a large volume of business. East Superior street was a scene of great activity in the earlier days, both sides being lined with business places of all kinds. Fire has obliterated several of the business places and time and conidtions have made other changes so that Mr. Kling scarcely recognized the section of the city in which he did business over 30 years ago, in the colorful days of a frontier town.

MUNISING BRIEFS

A. W. McClelland of Manistique was in the city yesterday.

Mr. and Mrs. Earl Wright of Ionia were visitors in the city yesterday.

Visitors here from Detroit yesterday were Mr. and Mrs. A. B. Taylor, Mr. and Mrs. J. D. Crawford and Mrs. J. Fournier.

Mrs. H. B. Freeman of Flint is spending her vacation at her Rock River cottage.

Miss Olga Peterson has gone to Mackinac Island where she will be employed during the summer.

Mrs. A. Danz and son Clifford returned Monday from Manitowoc where they visited a few days.

Mr. and Mrs. R. J. Denman of Marion, Ohio, are here on a visit to C. P. Denman.

Attorney George Bouchor, wife and children left the first of the week for Milwaukee where they will visit relatives for a week, after which Mr. Boucher will return to Los Angeles and Mrs. Bouchor and the children will return to Munising for the summer vacation.

Mr. and Mrs. Lawrence Heberi and children of Detroit are visiting Mrs. G. C. Wilbur and other relatives.

Mr. and Mrs. Ernest Bellmore are back from a three weeks wedding trip spent at Detroit, Niagara Falls, Ottawa and Montreal. Mrs. Basil Charlebois of Hull, Que., returned with them and will visit her mother Mrs. Octave Paris.

Miss Jean McIntosh, superintendent of the Munising hospital, is on a three weeks vacation which she will spend at Hamilton, Ont., and other points in Canada. Miss Agnes Lundquist of Marquette will have charge of the hospital during Miss McIntosh's absence.

Mrs. Fred Moran of East Munising, who was operated on for a tumor at Ann Arbor three weeks ago, returned home last Monday and is at the home of her sister-in-law, Mrs. A. J. Moran, East Onota street. She is still seriously ill.

News has been received here of the birth of a son to Mr. and Mrs. Howard Pearl of Grand Rapids, Mich. Mrs. Pearl was Margaret Connors.

Mr. and Mrs. David Barry and Mrs. Emma Rose of Marquette and Mr. and Mrs. Allan Giles of Toronto were the guests of Mrs. O. G. Hanson yesterday.

Miss Florence Korpela, who has has been visiting her parents, Mr. and Mrs. John Korpela, has returned to Charlevoix, where she is employed as bank clerk.

Miss Marie Hannah, who has been visiting her father, County Clerk Hannah will return to Lansing Sunday. She is employed as stenographer in the state house.

Miss Sadie Akkala, R. N., Mrs. M. F. Madigan, R. N., and Mrs. John Madigan attended the picnic given by the alumni of St. Luke's hospital Tuesday afternoon at the home of Mrs. Wallenstein at the Marquette power plant.

Mrs. Margaret Vendein and daughters Beth and Lynn returned home Tuesday from Ypsilanti and Detroit.

Milk Plant Has A New Manager

E. W. Manty of Kettle River, Minnesota, has assumed his duties as manager of the Delta Milk Producers Association plant at Escanaba, succeeding John K. Olson of this city.

The new manager, who had charge of the Kettle River milk plant prior to his moving to Escanaba, has had six years' experience in the business. He plans to move his family to this city from Minnesota shortly.

Paris now has a "two price store," it being known as "Cinq et Dix Francs" (five and ten francs) and goods are offered at the equivalent of 25 and 50 cents.

AMUSEMENTS

AT THE DELFT

Never before have reviewers beheld so striking a transition on the screen as that achieved by Joan Crawford in "Laughing Sinners," her new Metro-Goldwyn-Mayer starring vehicle which is playing at the Delft Theatre.

At ease in a role even more dramatic than her characterization in "Paid," Joan swiftly changes from a madcap roadhouse entertainer to a tragic Salvation Army crusader in the picturization of the Kenyon Nicholson play, "The Torch Song," that scored such a hit on Broadway last season. It is by far her greatest performance. Her brilliant reading of the gripping lines and deft shadings of character rise to a tremendous climax in the scene where she disgraces the uniform of God, wildly denouncing her creed and honor in a feeble effort to justify her sin.

Neil Hamilton and Clark Gable share leading man honors, the former is her traveling salesman sweetheart, the latter playing the role of the Salvation Army boy who follows her in worshipful devotion.

Harry Beaumont directed the dramatic feature with discerning valuation of its human relations. It is to be remembered that Beaumont filmed Joan's last picture, "Dance, Fools, Dance," as well as her first big hit, "Our Dancing Daughters."

Saving of 1931 Hay Crop Advised

"Upper Peninsula farmers will do well this year to put up every bit of hay available," said B. A. Heath, agricultural development agent of the South Shore railway at Marquette.

"Last year hay was short over most of the country, but Upper Peninsula farmers put up a big crop and it was practically all disposed of in feeding or sold outright," continued Mr. Heath. "This year crop conditions are somewhat better, but there still will be a shortage of hay, for the reason that many meadows were temporarily killed by the drought of 1930. The Upper Peninsula again will have a large crop, and our farmers can rest assured that all hay properly cured and placed under cover will be very good property next winter.

"We must not think, however, that the hay business is coming back permanently because of fairly good prices for the 1930 and 1931 crops," said Mr. Heath. "This year has been good for new seedings over most of the country. The winter of 1932 should find hay plentiful throughout the country.

"After haying, the Upper Peninsula farmer will do well to get busy and plow up a large part of his old meadow, so that he can grow a greater variety of crops in 1932."

Escanaba Doctor Hooks 6-Pounder

A six pound brook trout, taken by Dr. A. S. Kitchen on a recent fishing trip on the Nipigon, Ontario, Canada, has been attracting considerable attention. The speckled beauty is on exhibition in the Mead Drug company store.

In connection with the British government's project for providing work for the unemployed, a $200,000,000 port improvement campaign is under consideration.

...switch to Camels

GIVE Camels the hardest test you can think of—take them along on your vacation—into the desert, on the boat, in the woods, to the beach.

Then you'll see why the switch to Camels in the new Humidor Pack is nation-wide.

This scientific wrapping of germ-safe moisture-proof Cellophane seals in *all* the natural factory-fresh aroma—seals it in so tightly that wet weather cannot make Camels damp, nor drought weather make them dry.

It insures every Camel smoker at work or at play the joy of expertly blended fine Turkish and mild Domestic tobaccos kept always in prime smoking condition, throat-friendly, mellow and cool.

A special vacuum-cleaning process frees Camel cigarettes from the sting of peppery dust; the Humidor Pack guards them against being dried-out or soggy whether in sunshine or rain.

As a favor to your throat try Camels—join the throng and switch over for just one day—then quit them—if you can.
